

PRESIDENT OPENS SPEAKING TOUR IN NEW YORK TODAY SUPPORT REFUSED FEDERAL SUFFRAGE AMENDMENT

BRITAIN'S HOLD UPON SUEZ NOW MENACED

Large Force of Turks and Arabs Coop Up English Army at Aden.

German Source Claim Heavy Loss Sustained By the English.

By Associated Press.
London, January 27. — British possessions of territory protecting the Suez Canal route at its southern end are imperilled by attacks made by large bodies of Arabs and Turks on the British forces in southwestern Arabia, according to advices from German sources.

The British have been driven from all the territory they held in that section of country, and have suffered extremely heavy losses in the fighting, the report declares, the figures being given at 15,000 killed and 20,000 wounded.

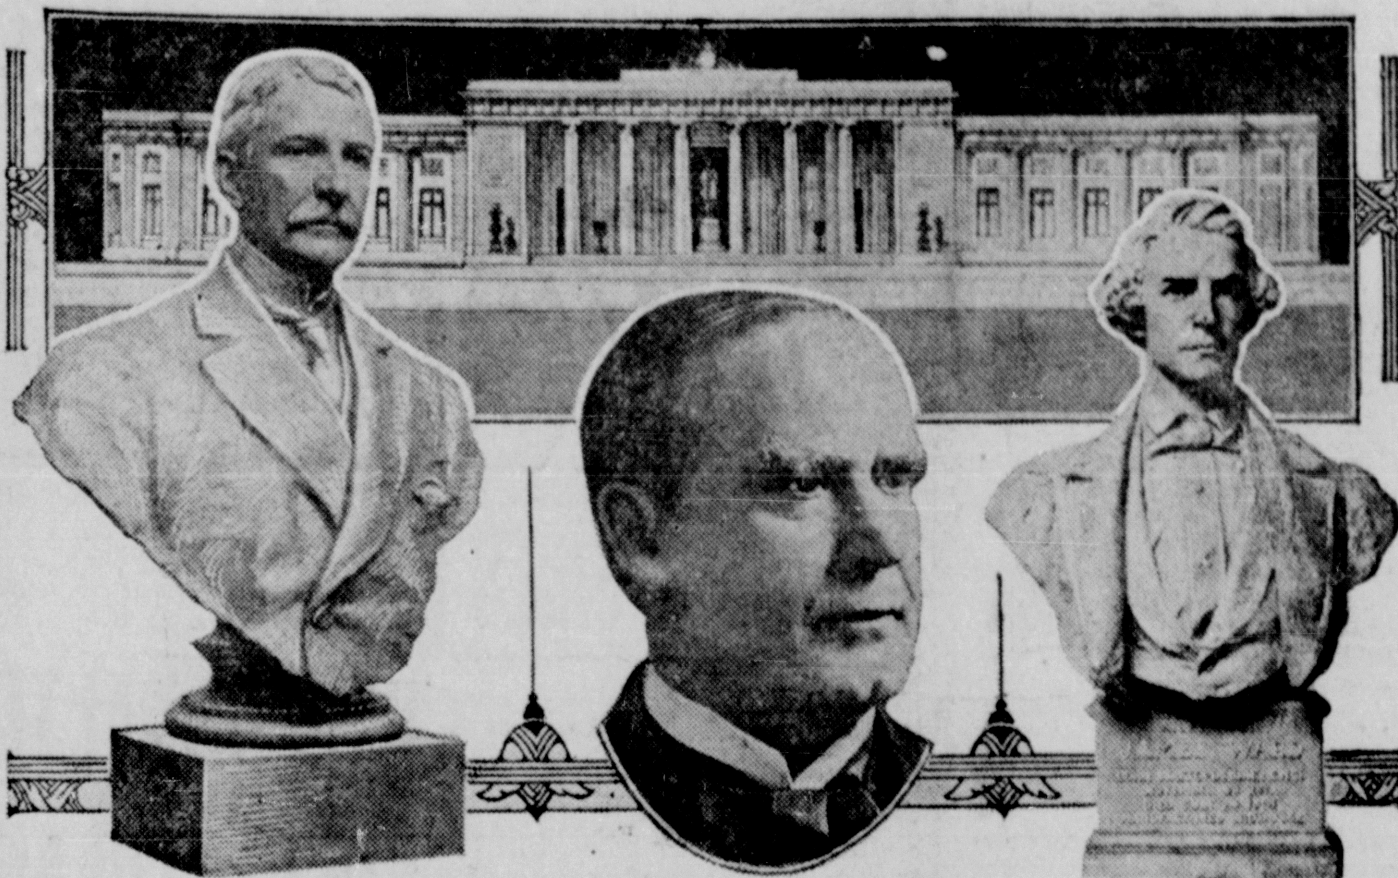

The implication from the Berlin dispatch carrying these reports is that the British army of 20,000 men is now virtually cooped up in Aden, near the entrance to the Red Sea, which must be held if the southerly approach to the Suez Canal is to be protected.

The Austrians having secured possession of virtually all of Montenegro, whose remaining defenders according to Vienna, are fast laying down their arms, are pushing southward in Albania, but apparently are moving deliberately although without encountering much resistance.

SENATE DEBATES EMBARGO BILL

By Associated Press.
Washington, January 27. — For more than an hour today the Senate debated indirectly the proposal to put an embargo on shipments of war munitions, and then without a vote referred to the Foreign Relations Committee, as the administration leaders wished, a thousand bundles of petitions bearing a million names, asking that such an embargo be established.

M'KINLEY MEMORIAL; BIRTHDAY JAN. 29

McKinley memorial at Niles, O., with busts of Henry W. Oliver and James Ward, which will be placed in the court of honor. Portrait of William McKinley in the center. McKinley's birthday occurs on Jan. 29.

J. A. A. BURNQUIST

Successor of Late W. S. Hammond as Governor of Minnesota.

MRS. MOHR TELLS JURY HER STORY

By Associated Press.
Providence, R. I., January 27. — The recital of her marital experiences was continued today by Mrs. Elizabeth F. Mohr, as a witness in her own defense against the charge that she hired two men to murder her husband, Dr. C. Franklin Mohr. She ascribed to her husband a dual personality—at his best a kind and a generous husband, otherwise a drug-crazed wife-beater. Through it all she loved him, and said, and remained firm in her faith that he would sometime restore her to a place in his affections. She denied she wished him any harm or had ever threatened him.

B. & O. EMBARGO TO BE LIFTED

By Associated Press.
Baltimore, Md., January 27. — Notice was issued today that the embargo on corn from points on the B. & O. and B. & O. Southwestern, for export through Baltimore, will be removed tomorrow.

RUSH OF SOLDIERS ACROSS RIO GRANDE IN AID OF COMRADES

Causes Issuance of Order for Their Arrest on Charge of Invasion.

Four Americans Are Drowned and Two Taken Prisoners By Mexicans.

By Associated Press.
Washington, January 27. — Major General Funston reported to the War Department today the drowning of four and the capture of two American soldiers near Brownsville, Texas, yesterday.

His dispatch, dated yesterday, contained a report by Major Anderson, commander of the Twelfth Cavalry. General Funston, in transmitting the report, said:

"Col. Blocksom has ordered Lieutenants Mort, Peyton and Waldron to be placed in arrest."

"Mr. Garcia, Mexican consul, has been informed of the exact contents of Major Anderson's telegram and of the arrest of the three officers concerned for their invasion of Mexican territory."

"He has gone to Matamoros to inform the commanding general there and to ask that immediate search be made for Private Wheeler and Pederson, the two American soldiers captured by Mexicans."

The Mexican embassy here had received no word of the capture of the Americans, but has asked a report from the Carranza consul general.

Secretary Garrison declined to comment upon the arrest of the officers. The military forces on the border, he said, were entirely at the disposal of General Funston.

He stated that an investigation of the incident would be made, and until the facts were made known he would not be informed as to the circumstances which caused the arrest. The men were swimming in the river Wednesday afternoon and had crossed to the Mexican bank when two were made prisoners by a band of Mexicans, who suddenly rushed out of the brush. The others swam for the American shore, volleys of bullets following them. They were drowned.

The missing:
Private William C. Wheeler, Private B. Peterson, Fourth Field Artillery.

The drowned:
Sergeant Owen L. Clement, Corporal Michael F. King, Private Henry A. Rhode, Private Charles D. Wilton.

Clement, King and Rhode were all attached to Battery D, Fourth Field Artillery. Wilton was a member of Troop A, Twelfth Cavalry. The bodies were swept away by the swift current and have not been recovered.

A relief expedition was immediately organized in an effort to recover the two captured men. It was composed of Lieutenants Mort, Peyton and Waldron, 15 artillerymen and a cavalryman. They crossed the river and searched for a distance of about a mile, but failed to find trace of the Americans, although a party of Mexicans, sighted in the brush, was fired upon. The Mexicans escaped.

RESCUED

By Associated Press.
Brownsville, Texas, January 27. — Privates Wheeler and Pederson, of Battery D, Fourth Field Artillery, who were kidnapped late yesterday by Mexicans, were rescued by Carranza soldiers and brought to Matamoros today, and turned over to American authorities.

First Addresses Two Hundred Members of Congressional Union for Women's Suffrage.

Tells Them States Should Deal With Suffrage Question — Declines to Be Cross Examined.

Addresses Three Audiences at Noon — First Delivered to the Clerical Conference.

By Associated Press.

New York, January 27. — President Wilson refused today to support the movement for an amendment to the federal constitution providing for women suffrage.

He spoke briefly to two hundred members of the Congressional Union for Women Suffrage and told them that he felt that the suffrage question should be dealt with by each individual state.

The President received the suffragettes after they had waited for him more than an hour at the Waldorf Astoria Hotel, which he made his headquarters on his arrival here this morning from Washington prepared to make three addresses during the day.

Efforts made by Mrs. Mary Beard, wife of a Columbia University professor, to cross-examine the president on his position, met with failure. He refused courteously to reply to her queries.

The president frankly admitted to the suffragettes that he had promised several months ago to discuss with leaders of Congress the suffrage question but stated that other matters of legislation had come up which he thought should take preference over everything else.

The President delivered the first of his three addresses at noon, before the Clerical Conference of the New York Federation of Churches, representing all denominations.

Amid hearty applause he was introduced by the Rev. S. Edward Young, of Brooklyn, who remarked that "no president ever had such universal prayer in his behalf."

The president said he appreciated the words of the speaker "from the heart."

He declared that in his efforts

PRESIDENT WILSON.

for peace he had represented the "spirit" of the United States of America.

He said he knew that in their hearts the people of the United States wanted to "keep the balance even."

"I can find no basis for peace but justice," he added. "The greatest force in this world is character, and I believe that character can be expressed by the acts of a nation."

"This is expressed in the attitude of the people. America has always stood for the doctrine that every nation has the right to decide its own future. That is America's only desire."

"We will certainly resent having our liberty interfered with. People in America do not respond to any sentiment of aggression. Our passion is for liberty."

The President's address was marked by frequent applause.

TAGGART NOTIFIED OF CONTEST SUIT

By Associated Press.
Columbus, January 27. — Insurance Superintendent Frank Taggart received notice today that the law requiring agents for insurance companies not incorporated in Ohio to pay a license fee, while requiring agents of domestic companies only to be registered, will be attacked in a court action as unconstitutional. W. H. Snyder, of Mansfield, who was convicted in the Richland County court yesterday of soliciting insurance without a license, notified Taggart he would take this action by appealing his case.

PARLIAMENT PROROGUED

London, January 27. — Parliament was prorogued today until February 15th. In the prorogation King George said, "We shall not lay down our arms until we have vindicated the cause which carries with it the future of civilization."

INCOMES MAY BE SALTED HEAVILY

Democrats Would Increase Income Tax Rates.

MONEY FOR DEFENSE PLAN

Many Members of the House Majority Write the Party Leaders Outlining Their Stand On Question of Financing the National Defense Expenditures—Ways and Means Committee About to Draft a Bill.

Washington, Jan. 27.—The income tax will be relied upon by house Democrats to finance the preparedness expenditures, as developments indicate that the members will reject President Wilson's suggested revenue program. This information resulted from a careful canvass of the situation in the house made by the foremost Democratic leaders. It developed that fully fifty members have written letters to the house leaders expressing their determination to vote against all new excises or other revenue legislation designed to pay for the army and navy increases except changes in the income tax law. It was said authoritatively that fully fifty members, in addition to the number who have written formal letters to the house leaders, entertain the same determination. As a result of this development, it was said on high authority that the ways and means committee is likely

to present to the house caucus a bill increasing income tax rates by 150 or 200 per cent. The committee will report such a measure not because of any conviction on the part of the majority that other proper sources of taxation for defense are not available, but in recognition of the sentiment among the Democratic membership of the house.

The leaders of the committee, including Majority Leader Kitchin, are convinced that the revenue measure to be framed at this congress must be a measure for which the support of practically every member of the Democratic caucus can be secured. One of the leaders of the committee pointed out that if as many as fourteen members of the caucus are opposed to a revenue measure presented from the ways and means committee the measure may fall of passage in the house because of their defection. It would be the policy of majority leadership to frame a bill embodying every concession necessary to secure the undivided approval of the house caucus.

The measure which the ways and means committee is now inclined to report in answer to the demand of the house Democrats will not provide for lowering the present income tax exemptions. The sentiment which demands that incomes shall bear the expense of the national defense increases is a sentiment for the taxation of wealth.

Not only does there seem to be among house Democrats a sentiment for forcing wealth to pay the cost of additional instrumentalities of defense, but there is a demand for the repeal of the present excises levied by the so called war tax law. It is now probable that the present house will repeal this law, which was re-enacted in December.

Officials high in the councils of the government made no effort to conceal the gravest alarm over this sudden revelation. The admission of the "misunderstanding" changes whole aspect of the situation, not only in Mesopotamia, but in the Caucasus and in Persia, these three theaters of war being absolutely interdependent.

A Turkish official statement received here via Berlin reports an unsuccessful British attack on the Turkish positions at Menarie, in which the attackers suffered "appalling losses." Hand-to-hand fighting between the French and Germans near Neuville took place when the French tried to retake trenches captured from them by the Germans. Berlin reports that all the attacks were repulsed.

On the Austro-Italian front Italian positions near Osavia have been captured by the Austrians, who made prisoners of 45 officers and 1,197 men, according to Vienna.

COME ON, "BILL" AND 'FESS UP

Washington, Jan. 27.—Count Von Bernstorff, the German ambassador, addressed his government to accept the views of the United States regarding what is essential to a satisfactory settlement of the Lusitania controversy. The message to his government was sent by the ambassador following a thirty-five minute conference with Secretary Lansing. Along with the recommendations went a memorandum which Secretary Lansing informed the ambassador represented what the secretary declared to be necessary to a settlement, but was acceptable to the ambassador himself. Therefore, the ambassador was able to assure Mr. Lansing he would use his best endeavors to persuade the Berlin foreign office to approve it. Should this be the case the reply from Berlin is likely to be a formal note to the American government embodying all the concessions demanded, including a disavowal of the sinking of the Lusitania.

THE CORONA TYPEWRITER is the smallest machine in the world. It only weighs six pounds. The agency has just been placed with H. R. Rodecker and the little machine is now on display in his show window at the postoffice.

OHIO NEWS

Lost Life in Mexico.
Kenton, O., Jan. 27.—Isaac Robinson received word that his son, Dwight Robinson, twenty-four, was one of fifteen Americans killed by bandits in Mexico Jan. 10. He had not heard from his son for several years.

For Hospital at Oberlin.
Oberlin, O., Jan. 27.—George M. Jones, secretary of Oberlin college, announced that the late Dr. Dudley P. Allen of New York and Cleveland had left a bequest of \$100,000 for a hospital at Oberlin.

Opposed to Militarism in Schools.
Fremont, O., Jan. 27.—The Ohio W. C. T. U., in convention here, went on record as opposed to military training in public schools. A telegram was sent to Secretary of Navy Daniels asking him to stop cigaret smoking among the boys in the navy.

Mysterious Disappearance.
Crooksville, O., Jan. 27.—William Landerback, nineteen-year-old son of Mr. and Mrs. A. P. Landerback, has mysteriously disappeared from his home here. Search by friends and relatives has failed to develop any clew to his present whereabouts.

Victim of Grip.
Napoleon, O., Jan. 27.—Mrs. Mary Kilpatrick, eighty-nine, oldest native-born Henry county resident, died from grip at her home, across the Maumee river from her birthplace. She was a widow since her husband's death in the civil war.

Held to Grand Jury.
Bellefontaine, O., Jan. 27.—Charles Faulder, nineteen, of Springfield, was held to the federal grand jury by United States Commissioner West here, charged with abstracting money from a letter while employed as special delivery messenger in the Springfield postoffice.

Denied New Trial.
Columbus, Jan. 27.—Unless Governor Willis intervenes, Peter Scribner, of Toledo will die in the electric chair on Feb. 11, as a penalty for killing a Toledo policeman. The supreme court refused to review Scribner's case by overruling a motion filed by his attorneys asking for leave to file a petition in error in supreme court.

Sheriff Won't Tell.
Mentor, O., Jan. 27.—A mysterious turn was given the attempted assassination of John B. Henrion, Mentor knitting mills president, when Sheriff C. M. Spink said he knew who shot Henrion, but would make no arrest or have anything further to do with the matter. The sheriff said he refused to tell who did the shooting "for the sake of the man's family."

SEEMS TO BE POOR JUDGMENT

New York, Jan. 27.—German-Americans and pro-Germans of other race extraction are reported to be back of a nationwide scheme to create controlling factions in both the Democratic and the Republican national conventions. They are seeing the nomination in either party of a man friendly to Germany with the idea of supporting him with a solid German vote at the election in the fall.

The movement has been under way for some time, having been worked out with infinite detail. Prominent Germans admitted that they were engaged in an organized appeal for funds to defend German-Americans of this country from any such "aspirations as had been cast upon them by President Wilson" in his last message to congress. A member of every one of the German organizations throughout the country, it is said, has been set to work to appeal for funds and request for aid is being made to every German or pro-German.

POSTPONEMENT ASKED

New York, Jan. 27.—President White of the United Mine Workers, whose three-year agreement with the operators expires on April 1, has asked for a postponement of the conference between anthracite operators and miners scheduled for Feb. 10 in this city until Feb. 21. His request for a postponement was based on possible delay in the negotiations concerning the proposed bituminous wage scale, stated to begin at Mobile, Ala., on Feb. 1.

W. C. T. U.
The regular monthly meeting of the W. C. T. U. will be held Friday at 2 o'clock in the Welfare Association room, Market and Main streets. Two topics will be discussed: Evangelism, led by Mrs. Alice Adams, and Unfermented Wine, led by Mrs. Bella Ustick. 1916 handbooks will be distributed. Visitors always welcome. SECRETARY.

WILL NOT ALTER PRESENT PLANS

London, Jan. 27.—The speeches of Sir Edward Grey, in the house of commons, and of the Marquis of Lansdown, minister without portfolio, in the house of lords, on the blockade policy of Great Britain, dispelled all hopes among those favoring a formal blockade of Germany that the government would push such action. The foreign secretary made the following statement: "A thorough investigation by the government of the situation with regard to shipments to Germany shows that everything possible is being done without causing serious trouble with neutrals." If, he added, there was any policy more pleasing to neutrals than the one at present in force, the government would be pleased to examine it, and, if it appeared equally effective, to consider it.

MINERS WILL NOT

Indianapolis, Jan. 27.—United Mine Workers decided that in the event new wage scales have not been negotiated by the time existing contracts expire they will remain at work so long as there is hope of drawing up agreements.

BRITISH CHECKED BY TURKS

More Than Twenty Miles South of Kut-el-Amara.

London, Jan. 27.—Official admission of a mistake made by the India office in its public reports concerning the operations in Mesopotamia changed the outlook for the British army in that theater of war from one of cheerful optimism to one of the deepest gloom. The admission means, in short, that the relief force under General Aylmer is not, as had been officially reported several times in the last ten days, six miles east of Kut-el-Amara, but twenty-three miles below that position, where the main British army has been bottled up by the Turks for more than a month. It means, moreover, that the closest the relief force ever advanced toward Kut-el-Amara is about twenty miles, near Shik Said, where a strong Turkish army is entrenched.

Road Conditions

It is doubtful, in the opinion of experts, if the main roads of Fayette county were ever in such condition as they are at present. Of course, the present condition is directly attributable to the hard freeze of a few days ago followed rapidly by the present unprecedented warm spell of weather, which has thawed out the ground to a depth decidedly out of the ordinary for this season. While the prospect at present is very disheartening yet it is quite likely that in the majority of instances, the pikes will "go back" when settled weather of spring and summer comes. We should be patient, however, as it is yet too soon to have results of the good roads money now being paid into the treasury. If conditions are not better another year, then a rumbling of discontent will be pardonable. Before censuring anyone for omissions it is well to wait until the chance to better conditions has been presented. Some one in authority will be compelled to get busy from the time good weather comes and stay busy until the sun has set on the last good day next fall, or else—

The Tariff Commission

The insistence of President Wilson on the adoption of the tariff commission idea and the very general approval with which that insistence has been accepted by the people, is proof of the tremendous growth the proposal has enjoyed since it was first suggested several years ago. The people of the United States have had abundant opportunity to, and have observed, to their sorrow, the ills that are bound to follow keeping tariff schedules in politics. Not only does the old plan of regulating the tariff and fixing schedules as a result of political campaigns result all too frequently in special privilege or special harm to particular interests, but the raising and lowering of tariff schedules covering the whole range of imports and exports is certain to result in an unfair advantage or actual harm to almost every business in the land. Aside from the actual harm which follows to the many as a result of political tinkering with the tariff schedule, there is the constant and ever present fear that something unreasonable and harmful will be done as the result of each quadrennial campaign. Political parties and politicians have ridden into and been turned out of office often enough during the past thirty years to demonstrate that the tariff issue has become largely a political makeshift. Consequences have demonstrated that the problem is an industrial one and should be dealt with and solved by experts entirely free from the taint of politics and secure in their authority during good behavior. The tariff commission idea is not original with President Wilson, but its development, to the extent of adoption by congress, must be credited to him. Removal of the tariff issue from politics would result in so clarifying conditions as to prevent the obscuring of the more vital political issues of the day.

Would Grab Public Lands

Not a great many people hereabouts give very much thought to the public domain—that unoccupied land the title to which is still lodged in the United States government. There is, of course, no such land in this section of the country, but there is still a great quantity of it in the western states, in fact millions of acres of it, and barren as some of that land is there is a well developed movement to divest the federal government of title and put that title, with the consequent right to parcel out the land, in the several state legislatures. Senator John Pittman of Nevada has introduced in the Senate a bill which would separate the United States from over seven million acres in the state of Nevada alone. Senator Warren asks for a grant from the federal to the several state governments of a million each in the states of Arizona, Colorado, Idaho, Montana, New Mexico, Nevada, Utah and Wyoming, totalling up a nice little garden patch of eight million acres. The Pittman bill is considered a feeler to see how the people will take to a general movement by the states, in which the vast public lands area lies, to take from the federal government every square foot of the remaining public domain. Nevada's pretext is that the state can use the proceeds derived from the sale of the land for school purposes. Arizona asserts that if that state was given permission to dispose of a few million acres to private enterprises, better roads could be built and so on and so forth for quantity. There is, it is needless to assert, a very determined opposition to the movement. The people of the United States have already seen the folly of being prodigally wasteful of our great public domain and it is not likely that the movement launched by Senator Pittman and others will succeed in this day when conservation of our great natural resources is the order of things.

Poetry For Today

"I REMEMBER," REVISED.

I remember, I remember,
The house where I was born;
The little window where the sun
Came peeping in at morn.
You'd hardly know the old place
Now,
For dad is up to date.
And the farm is scientific
From the back lot to the gate.
The house and barn are lighted
With bright acetylene,
The engine in the laundry
Is run by gasoline.
We have silos, we have autos,
We have dynamos and things;
A telephone for gossip,
And a phonograph that sings.

The hired man has left us,
We miss his homely face;
A lot of college graduates
Are working in his place.
There's an engineer and a fireman,
A chauffeur and a vet.,
A electrician and mechanic—
Oh, the farm's run right, you bet.

The little window where the sun
Came peeping in at morn
Now brightens up the bath room
That cost a car of corn.
Our milkmaid is pneumatic
And she's sanitary, too;
But dad gets 15 cents a quart
For milk that once brought two.
..... Canadian Courier.

CROW WITH \$1 IN ITS BEAK.

California Sportsman Kills Bird and Recovers the Bill.

Chico, Cal.—The crow has long been notorious for its kleptomanic tendencies and known to steal almost anything, without regard to its value, but from the construction camp of the Chico Construction company, near Shippee, south of this city, comes a story of a crow that was discriminating enough to steal something of value. John Schonlow, foreman for the company, went hunting. He fired into a flock of crows, killing one. When Schonlow picked up the bird he found tightly clasped in its beak a one dollar bill.

Eighty Chickens In Pie.

Pomona, Cal.—In order to feed 350 members of the Loyal Men's Bible class of the First Christian church at a banquet Rev. C. R. Hudson had a local restaurant bake eighty hens in a chicken pie four feet wide, one hen deep and eleven feet long.

HOODOO SHIP MAKES MONEY

The Old Algoa Has More Than Paid Her Purchase Price.

San Francisco.—The old Algoa, formerly hoodoo freighter of the former Pacific Mail, has blossomed out as a real war baby.

This steamer, which in times of peace used to be tied up in the lower bay with cold boilers for long periods, has earned \$300,000 that was paid for her when she was rechristened the California. Also she has earned \$90,000 more.

Furthermore, the California—nee Algoa—has now been chartered to a powder company at \$1,700 a day, or \$15,000 a month, or \$612,000 a year, or more than twice as much as her owners paid for her.

It is stipulated in this last charter that she shall ply only between neutral ports, which is taken to mean that she will become a nitrate carrier between South America and the Du Pont powder mills in the United States.

KISS FOR A JUDGE.

Carpenter's Daughter Gave Him a Good Smack In Open Court.

Pittsburgh.—Congratulations showered on Judge James McF. Carpenter when he took his place on the bench of the common pleas court recently did not make nearly so great an impression on the throng of well wishers as a resounding kiss implanted fairly and squarely on the jurist's lips.

Judge Carpenter, who was elected last November for a full term of ten years, had been sworn in and had stepped down to shake hands with the politicians in the courtroom. As he left the bench his daughter, Miss Alice Lazar Carpenter, stepped up, threw her arms around his neck and kissed him.

"Oh, I'm so proud!" Miss Carpenter exclaimed as the judge disentangled himself.

"Eh, umph! And so am I," her father replied, as he reached for a dozen hands stretched in his direction.

PRIZES RING FROM FRONT.

Made by German Soldier and In Possession of Los Angeles Girl.

Los Angeles, Cal.—A ring fashioned from aluminum obtained from a projectile, which has for a setting a replica of the German iron cross, is the valued possession of a talented Los Angeles girl.

It was made by a German soldier while at the front in southern Poland. The possessor of the ring is Miss Mary Goodrich Read, who has spent several years abroad, in Belgium, Germany and other countries, studying.

Miss Read recently returned to this country, bringing with her the finger ornament.

Silver Sword of Hawaii.

One of the most curious plants in the world and one of the greatest interest to all botanists is the silver sword. This exceedingly rare plant, with its magnificent silver spines and handsome crest, may still be found in profusion in the upper part of Kaupo gap, the southern outlet of the vast extinct crater of Haleakala, on the island of Maui. It flowers from July to October and occurs hardly anywhere else in the world. Even stranger is the variety known as the green sword, which occurs only in Haleakala crater and is unknown to exist elsewhere.—Honolulu Star Bulletin.

Got Rid of My Corns With Magic "Gets-It"

Simplest Corn Cure in the World—No Pain, No Fuss. New, Sure Way.

When corns make you almost "die with your boots on," when you've soaked them and picked them and sliced them, when corn-swalling

Why Have Corns At All? "Gets-It" Removes Them the New, Dead-Sure Way?

salves, and tapes, bandages, and plasters that make corns pop-eyed have only made your corns grow faster. Just hold your heart a moment and figure this: Put two drops of "Gets-It" on the corn. It dries at once. You can put your shoe and stocking on right over it. The corn is doomed. It makes the corn come off clear and clean. It's the new, easy way. Nothing to stick or press on the corn. You can wear smaller shoes. You'll be a joy-walker. No pain, no trouble. Accept no substitutes. "Gets-It" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill.

Sold in Washington C. H., and recommended as the world's best corn remedy by Browns' and Christopher's Drug Stores.

TO TAP GILA'S UNDERFLOW.

Dry River Bed Will Be Made to Yield Water For Irrigation.

Palomas, Ariz.—S. H. Woodruff of Los Angeles and associates plan to utilize the underflow of the Gila river, near here, for the reclamation by irrigation of a big tract of land.

A number of caissons will be sunk in the dry bed of the river to the water level, and large pumps will be installed to lift the water to the surface and deliver it into the irrigation ditches. The pumps will be operated by electricity.

Formal application for the withdrawal from public entry of 14,000 acres that are embraced in the proposed irrigation scheme has been filed in the United States land office here by the state land commission, as required by the Carey act.

College Romance Revived.

Marysville, O.—A romance dating back to college days at Ohio Wesleyan university culminated recently when Miss Alice M. Gaud, aged forty three, of Cincinnati, was married to James W. Magruder, forty-five years old, of Mechanicsburg. They will take up their residence at Mechanicsburg.

PACKARD IS RETAINED AS ARCHITECT FOR HOSPITAL

Man Who Furnished Plans and Specifications for Y. M. C. A. and the Lloyd Residence in This City Is Architect Decided Upon By Hospital Board at Meeting Yesterday.

Frank L. Packard, the Columbus Architect who made plans and specifications for the Y. M. C. A. in this city and for the residence of C. E. Lloyd, was retained as architect for the new District Tuberculosis Hospital, in which Fayette county is interested.

Mr. Packard was employed at a meeting of the Hospital Board held in Chillicothe Wednesday, and after a large number of firms had been given an opportunity to submit plans and specifications. It is now the intention of the Board to go over the grounds with the architect and obtain general ideas before anything is decided upon.

LOCAL CLUB WILL BOOST NOT PROMOTE

That the Dutch Treat Club is more of a social organization than a promotive agency was made clear by Chairman Worthington at the noonday session of the club Thursday.

Chairman Worthington made it plain that the club should boost everything for the betterment of Washington, but not launch a campaign of promotion.

The proposal of eliminating the "eye-sore" known as "the point" received attention and was discussed at some length. It was pointed out that the paving along the point would do much toward solving the problem.

Messrs Brownell, Fite and Walter Craig were appointed to draft plans for entertaining a large number of persons residing in the county outside of the city, at a luncheon in the near future.

JUNK DEALER FACES CHARGE OF LARCENY

William Carter, colored, formerly of Xenia, and who follows junk buying and selling, was placed under arrest Thursday morning upon an affidavit filed by Fred B. Creamer, charging him with defrauding him out of \$3.40 on a transaction.

TOTAL OF 167 HIT THE TRAIL

Tonight's meeting is expected to be one of the greatest of the Sunnyside tabernacle campaign. Evangelist Willhite will preach on "Seven Reasons Why Everybody Should be a Christian." This sermon is said to be one of Willhite's best. Musical Director Troy will sing one or two special solos and Rev. and Mrs. Willhite, by special request, will repeat the duet, "Jonah and the Whale."

The usual large crowd was out at the tabernacle Wednesday night, fifteen persons hitting the sawdust trail, making 167 in all. Evangelist Willhite preached on "Jonah and the Big Fish." He compared Jonah with many of the people of the present day. While he perhaps did many good things he was afraid to come out and take the right kind of a stand. "It makes me tired to see people so afraid to testify for Jesus. They can talk fluently about almost anything else, but when it comes to standing up in church and saying a few words for Christ they say 'I can't.'"

SELF-DENIAL WEEK AT M'NAIR CHURCH

Self denial week is being observed by the McNair Memorial church people for the benefit of the suffering women and children in Persia, who are made destitute, homeless and defenseless through the ravages of war. Thousands in Persia are shelterless in the cold and snows of that country, and children are dying from exposure and starvation.

Last Sunday Dr. Henness presented the situation, as reported by the Mission Board of that place, and made a touching appeal, which was generously responded to by the congregation and a week of self denial is the result.

The proceeds will be sent direct to the scene of suffering through the channels of the foreign Mission Board of the church. These contributions will be received next Sunday.

LADIES AID TAKES UP ANOTHER WORK

At the special session of the Ladies Aid Society of Grace M. E. church, held Wednesday afternoon, the society which had just finished paying \$500 toward indebtedness of the church, decided to assume another portion of the indebtedness and plans payment of upward of another \$500. In carrying out their plan, a check for \$100 was paid immediately after the meeting, bringing the total amount paid up to \$600.

Various plans were discussed for obtaining funds and as a result a unique social will be held. Mrs. D. H. Rowe presided over the meeting, and some 30 members were in attendance. A committee was appointed to complete plans for the social.

WILL NOT COME TO CITY THIS WINTER

Rev. Gage is in receipt of a communication from Dr. Anderson, who is conducting a series of evangelistic meetings in Columbus, in which the noted evangelist states that owing to the present tabernacle meetings in this city he will not take up the work here this winter at least.

The churches will later take up the proposal and take definite action, but it is expected that no further tabernacle meetings will be held in the city this winter other than those now in progress.

INSURANCE COMPANY SETTLES IN FULL

The Hartford Fire Insurance Company, represented by J. A. Edge & Son in this city, has paid in full the claim of \$2,850.75 for the destruction of White Oak church, near Beuna Vista, a few weeks ago.

The check has been deposited and will be used toward defraying the expenses of the new church which will be erected in the near future.

It is understood the citizens of the Beuna Vista neighborhood are responding liberally to the solicitation for funds for the new church.

Plans are to erect a larger structure than the one destroyed by fire.

IS IN ASHVILLE

T. L. Barger, who recently left this city, is now at Ashville, N. C., according to word received in this city. He claims his health is not improved.

REMANDED BACK TO COUNTY JAIL

Ray Smith, who recently was thrown into jail for fighting with his brother Ralph, has been remanded back to the county jail to await the appearance of his brother who refuses to come in and explain the trouble.

"I may keep Ray in jail until Ralph comes up and gives his side of the story," said Mayor Oster in discussing the matter. A charge of disorderly conduct has been placed against the imprisoned man, but no charge has been placed against the fugitive brother.

BASKET BALL GAME JAMESTOWN VS. "Y"

The local "Y" basketball team is expecting and is prepared for a hard go with the Jamestown aggregation tonight.

The local team boasts of fine team work and strong individual players and will make the well seasoned crowd from "Jintown" hustle to beat them.

The "Y" team lines up as follows: Hays and H. Smith, forward; Johnson, center; Schlabach and Peterson, guards.

Game begins at 8:45.

DAMAGE CASE IS NOW UNDER WAY

Suit for \$3,000 damages was begun in Common Pleas court Wednesday by Floyd McCord, Elizabeth Burgess and Martha Beath against John L. Baum, Luther Cooper and The Willis Lumber Company. The suit is based on the removal of timber by the defendants from an estate near Hallsville. Attorneys F. P. Hinton and H. T. Robins have charge of the plaintiffs' case, while Attorneys P. J. Blosser and Post and Reid of Washington C. H., represent the defendants.—Chillicothe News.

INVITATIONS OUT FOR ANNUAL "FEED"

It is rumored that the "eats" will not be the only attraction at the annual banquet of the Fayette Fish & Game Protective Association, which will be held next Wednesday evening (Ground Hog Day) at the K. of P. Hall, at 6:30 p. m.

As the rumors are conflicting it is expected that those who learn first hand must not delay in accepting the invitation extended by card to the various members of the association. A thoroughly enjoyable evening is anticipated by all.

WALLS OF STATION FINISHED TODAY

The brick work of the Union Station is virtually finished and the work of placing the rafters in position for the roof is well under way, so that within a short time, weather permitting, the station will begin to assume something like its ultimate appearance.

The building is said to be considerably smaller than the dimensions agreed to by the B. & O., and are virtually as called for in the original plans and specifications.

COULD NOT PAY SURRENDERS SELF

Grant Taylor, of near Waterloo, who was fined \$75 and costs, amounting to \$168.56, for destroying the property of a tenant on his mother's farm, has surrendered himself to the Sheriff of Pickaway county, claiming he cannot pay the amount.

He was placed in jail to serve sentence at 60c per day, and if he is kept in jail the full time it will be 15 months before he is released.

We buy in carloads, therefore the price is right. Junk & Willett.

LYCEUM NUMBER AT 8:30 SATURDAY EVE

The American Girls, special number of the Washington Lyceum Course, which is free to all season ticket holders, and for which the usual charge will be made to persons not holding season tickets, will begin at 8:30 Saturday night, in order to accommodate the public. The church will be open at 7:30.

The number consists of six highly talented young women.

TESTS FOR HEARING.

Rigid Ordeals For Candidates For Our Army and Navy.

The physical requirements of American soldiers and sailors are of a high standard as compared with those of other countries. The test for hearing, for example, in our navy and army is more severe than of any other country.

One of these tests for admission to our Naval academy may be taken as a typical example of the thoroughness with which the candidates' faculties are tested. In this test the ticking of a watch must be heard at forty inches in quiet surrounding, and this ticking must be heard at that distance by each ear separately. In addition to this, the candidate will be rejected if there is the slightest suggestion of any diseased condition about any portion of the ear.

In all the foreign navies, as well as in our own, the severest tests of hearing are imposed upon the men who are to undertake submarine service. In this service even an officer will not be

accepted if the surgeon is able to find any evidence that he has ever been afflicted with ear trouble at any time. Thus a slight inflammation of the ear which occurred in childhood may disqualify the officer for submarine service, though his hearing may be so good that he would be readily accepted in any other branch of military service.—Los Angeles Times.

Clever Fish Hawks.

Turks around the Bosphorus amuse themselves by playing pitch and catch with the hungry fish hawks. They throw high in the air a lump of raw meat, and the hawks pounce upon the meat before it strikes the ground and make away with it to the little ones.

A Short Christmas.

"Christmas day is only three hours long in the Finnish town of Tornio," said a traveler. "I spent last Christmas there. At sunrise I got up to see my presents and to read my Christmas mail and night had fallen before I got through breakfast."—Exchange

In Social Circles

The Ladies Guild of Presbyterian church met with Mrs. Frank Fullerton on Wednesday afternoon, assisting hostesses, Mesdames Crawford, Adams, Kerr, Wilkins, Buck and Allen. After a social hour the secretary's report of last meeting was read and some discussion as to the interests and future work of the Guild. Later a tempting collation was served.

The young people of the Christian Endeavor Society of the Presbyterian church will meet tonight at 7 o'clock for the annual election of officers and other business, after which there will be a taffy pulling for the pleasure of the members.

The Woman's Guild of the Episcopal church will hold their monthly meeting at 7 p. m., this evening, at the residence of Mr. George Hitchcock.

Mrs. Wm. H. Allison of Columbus, a most delightful speaker, will give a talk on Missions.

Assistant hostesses, Miss Jesse Leavell, Mrs. M. B. Shank, Mrs. Malone Stein.

Mrs. Joseph Taggart charmingly

entertained the Young Matrons' Kensington Club at her home on W. Elm street, Thursday. The spring-like afternoon brought out a large number of the members and a delightful hour was spent in merry chat over the fancy work.

Mrs. Willard Martin of Dayton was an out of town guest.

Friends and neighbors Thursday planned and carried out a very pleasant surprise for Mrs. John Miser and daughter-in-law, Mrs. Frank Miser, at their home on Lakeview avenue, Millwood. Monday being Mrs. John Miser's birthday and Saturday a similar occasion for Mrs. Frank Miser, Thursday was chosen as a mid-week day to happily surprise them both.

The guests brought well filled baskets with every delicacy for a sumptuous birthday dinner and after the dinner hour enjoyed a most pleasurable afternoon together.

Among the guests were Mrs. Geo. Olinger and children, Mesdames Chas. Engle, Jesse Dailey, John Sellman, Laura Dellinger, Otto Wilson, Minnie Wollis, Miss Frances Howland.

Views of Others

The Daily Herald:—

I take issue with you in reference to the editorial which appeared recently in the Daily Herald, in regard to the Patrol System for our roads. True in Europe they have been using this system for years; their roads are substantially constructed and are in splendid condition—or at least were previous to the beginning of hostilities. Their roads are divided into sections of three to six miles each and a man is placed in charge of each section; turnouts are made at frequent intervals along the road upon which are deposited a quantity of broken stone and other repair materials; the patrol, with the aid of a burro and a small cart makes all repairs.

Whenever any defect appears, the patrol does not wait for orders but proceeds at once to make the repair. The new materials are blended with

the old in such a manner that the patch is hardly discernible.

We have about six miles of roads (one mile in each one hundred) in Fayette county where the patrol system would be quite proper and the state has undertaken to look after the repair of this small fraction; it remains to be seen how well this will be done. The number of patrols necessary to keep our present roads passable would be so numerous that they would be in speaking distance of each other all over the county.

Whenever we have applied the two mill levy on our roads for five years and an equal amount more is spent, and not until then, may we hope to have them approach a condition that the patrol system employed in Europe would be apropos.

Respectfully,
FRANK M. KENNEDY.

PERSONAL PARAGRAPHS

Mr. J. Edmund Smith was a business visitor in Columbus Thursday.

Mrs. Geo. Hitchcock will entertain as her guest tonight, Mrs. Wm. H. Allison of Columbus.

Mrs. J. D. Priest is confined to her home on Elm street with a serious attack of the grippe.

Mrs. Willard Martin of Dayton is the guest of her mother, Mrs. J. N. Shoop.

Mrs. Horace Schenck, with her daughter is visiting her sister, Mrs. W. B. Hershey.

Born, to Mr. and Mrs. Thos. L. Collopy, Wednesday night at 10:30 o'clock, a nine pound son.

Mrs. Howard Bales is over from Dayton, the guest of Mrs. Frances Bales, of E. Temple street.

Mrs. Samuel Watt is ill at her home on the Columbus pike, suffering seriously from rheumatism.

Mrs. Fred Sauer who has been the guest of Mrs. Jos. Sauer and family returned Wednesday to her home in Prospect, Ohio.

Mr. and Mrs. Gus Romer of N. North street, have returned from a visit with Mr. Romer's parents in Cincinnati.

Mrs. Morton Stutson and daughter Mary Jane, of Avondale, Cincinnati, are guests of Mrs. Stutson's aunt, Mrs. Georgiana Glascock.

Rev. Harry Gage, of Huron, S. Dakota, who has been visiting since Sunday with Rev. W. B. Gage, leaves this evening for the east.

Mrs. Martha Gallup, mother of Mrs. E. N. Holloway, is having as a guest, her sister, Miss Mary McFadden, of Wilmington.

Mrs. Nannie Gardner Murray returned Wednesday evening from Columbus, where she attended the Barre-Daniels wedding, which occurred Tuesday evening.

Mrs. E. N. Holloway returned last evening from a delightful week's visit with her sister, Mrs. Sands, in Louisville. Mr. Holloway also spent Saturday and Sunday there.

Mr. Arthur Burgett is in Springfield today on business.

Mrs. A. C. Duff is quite sick at her home on the Waterloo pike.

Mrs. Elizabeth Stookey of Frankfort, was the guest of Washington friends, Thursday.

Mr. and Mrs. Carey Phillips are announcing the birth of a son, Richard Edgar Phillips, at their home on Broadway, Tuesday the twenty-fifth.

Mr. C. F. Ballard is able to be out after being confined to his home the past three weeks by a serious attack of the grippe.

Mrs. Tom S. Maddox has returned from Circleville, where she was called the first of the week, as a result of a serious accident which befell her sister-in-law, Mrs. M. H. Lamb.

The following notice is from the Springfield (Ohio) Sun and will be of interest to friends here: "Married, John J. Mullen, 21, machinist, and Iva Moots, 20, Father Loney." Miss Iva Moots is the daughter of Mrs. Ida Moots of Campbell street.

Doctor R. M. Hughey who, with Mrs. Hughey, is at St. Petersburg, Fla., is evidently improving in health, judging from the announcement he sends his friends here, that he took a twenty-mile spin over the bay in a hydroplane, attaining at times an altitude of one thousand feet.

Mr. Harry Daughters, who with his wife and daughter Betty Ann, have been visiting Mr. and Mrs. P. O. Daughters, returned Thursday to his home in Columbus. Mrs. Daughters and baby remained for a longer visit. Wednesday Mr. and Mrs. P. O. Daughters also had as their guests Mr. and Mrs. Hugh Sollars and son Charles David, of Good Hope.

Overland Automobiles. Junk & Willett.

"EXPRESS" WAGONS
WILL BE CHANGED

Acting upon complaints against the old "express" wagons standing on the court house corner, on Main street, orders have been issued to move the wagons to Market street, between North and Fayette streets.

The wagons are to be located on the south side of the street, opposite the Brown Livery barn.

Will be an Exclusive Store for Men and Boys

ANNUAL INSTITUTE FEBRUARY 4 AND 5

The Eleventh annual Farmers' Institute will be held in the M. E. church at Beuna Vista, February 4 and 5th.

The state speakers are Frank Blackford and Mrs. Luella Barr McKee. Music will be furnished by the Ewing Concert Company.

FURTHER CHANGES TO BE MADE BY BELL

The Bell Telephone Company of this city is preparing for another expenditure of \$6,000 or more for additional cables in this city and for new farm lines.

The Central Union company's special engineer, Grady, is in the city

preparing plans and specifications for the improvements. The work will be taken up sometime in February.

CURFEW ORDINANCE IS APPLIED FOR

Large number of prominent citizens of Lancaster have petitioned the council of that city for a curfew ordinance as a possible solution to the problem of keeping boys and girls off the streets after a certain hour each night.

That Face!

"Look me straight in the face and tell me you really love me," he said warmly to the sweet young thing who stood in front of him with downcast eyes.

"Oh, I couldn't do that," came from the lips of the clever girl—Yankers. Statesman.

SEES NEW LIGHT IN CONDITIONS

Why Wilson Sanctions Pro-
posed Tariff Board.

SENDS LETTERS TO KITCHIN

Frankly Admits Changing His Mind
With Respect to a Tariff Board, but
Stoutly Declares That His Attitude
Toward Protection Remains Unal-
tered—Favors Wholly Nonpartisan
Tariff Board to Secure the Facts.

Washington, Jan. 27.—Explaining
his views as to the need for a tariff
board, President Wilson made public
two letters written by him to Con-
gressman Kitchin, the majority lead-
er. In one of these letters President
Wilson frankly acknowledges that he
has reversed himself on this import-
ant subject. He explains his change
of front on the ground that condi-
tions throughout the world have
changed. President Wilson denies,
however, that in changing his mind
on the subject of the tariff board that
his attitude on the question of protec-
tion has been affected.

In the first letter to Mr. Kitchin the
president suggested legislation for the
creation of a tariff commission, which
commission shall provide the govern-
ment with the necessary data to fur-
nish a sound basis for the policy
which should be pursued by the coun-
try in the years immediately ahead.

The president in his second letter

gives his reasons for changing his
mind on the question of creating a
tariff commission. He says:

"I have changed my mind because
all the circumstances of the world
have changed, and it seems to me
that, in view of the extraordinary and
far-reaching changes which the Euro-
pean war has brought, it is absolutely
necessary that we should have a com-
petent instrument of inquiry along
the whole line of the many questions
which affect our foreign commerce.

"I have had in this change of mind
no thought whatever of a change of
attitude towards the so called pro-
tection question. A commission such
as I have suggested would have nothing
to do with theories of policy. They
would deal only with facts, and the
facts which they would seek ought
to be the actual facts of industry and
of the conditions of economic ex-
change prevailing in the world, so
that legislation of every kind that
touched these matters might be guided
by the circumstances disclosed in
its inquiries.

"I dare say you feel as I do, that
it would be folly at this time, or until
all the altered conditions are clearly
understood, to attempt to deal with
questions of foreign commerce by leg-
islation, and yet, having dealt direct-
ly and clearly with the whole ques-
tion of unfair competition within our
own borders, it is clear that as soon
as we know the facts we ought to
deal with unfair methods of competi-
tion as between our own nation and
others, and this is only one of the
many things that we would probably
wish to deal with. The other matters
I have attempted to indicate in my
previous letter to you. I am glad to
supplement that letter by this explicit
statement of the considerations which
have been in my mind with me."

up to the time when she ceased to
live with him.

Only twice was her colorless voice
raised from the low monotone that
barely carried to the jury box; when
she denied that she had ever plotted
against Dr. Mohr's life, and when,
with her last words of the session,
she reached the climax of her narra-
tive in protesting that, despite all the
indignities she had endured, she loved
her husband and always wished for
a reconciliation with him. For nearly
two hours she held the attention of
her hearers with a narrative that con-
tained almost nothing dramatic ex-
cept its accumulative weight of cru-
elty.

Mrs. Mohr pictured her husband
during the last years of their unhap-
py married life as a man made mad
by drink and the use of drugs, whose
rage when she displeased him turned
to blows and threats against her life
—her own attitude as that of a wife
trying to save her husband from dis-
grace, hoping to win him back and
fighting to save property he had given
her for her children.

PRESIDENT LIKES LOOKS OF MEASURE

Washington, Jan. 27.—Prospects for
passage of a government ship pur-
chase bill are believed to be bright by
administration leaders, who saw in
conferences President Wilson had
with Democrats who opposed such a
measure last year indications that
united support for the revised pro-
posal eventually would be won. Some,
however, are still opposed to govern-
ment operation of ships.

The president continues to urge
leading members of congress to hasten
action on important legislation. He
discussed the ship bill particularly
with Majority Leader Kitchin of the
house and Senator Clarke of Arkan-
sas. Later Representative Kitchin
said the bill, if presented as outlined
to him, would receive his support.
Senator Clarke would not discuss it,
but some of his friends said they be-
lieved the measure could be submitted
in the form to meet his approval.

VOTING ON IT

Railway Unions Apparently in
Favor of Federation Plan.

New York, Jan. 27.—With the bal-
loting on the eight hour day referen-
dum still going on in the 40,000 lodges
of the four great railroad unions scat-
tered all over the country, reports are
that the leaders of these unions are
more confident than ever that their
plan of federation would go through
and that with the unions united in
such a plan the railroads of the coun-
try would have to capitulate.

Little by little details of how this
federation scheme has been worked
up are coming to light, all showing
how systematic has been the cam-
paign the officers of these unions have
been carrying on ever since the Chi-
cago arbitration award last April. A
statement which Grand Chief Stone
of the engineers has just issued to the
railroad men shows how he views the
situation. This says:

"For the first time in the history
of the railroad unions they are all
united. There has never been such
a general disposition on the part of
the railroad employees of the country
to act as a unit. All internal dissen-
sions have been ruled out and all fac-
tional and other disputes which would
interfere with the national eight hour
movement among the railroad men
have been laid aside."

Stone has told the railroad men
with whom he has talked that should
the vote support the demand and the
federation plan the leaders will see
that there is no compromise, though
he would do all he otherwise could to
avert a strike.

AFTER LONG TIME ACTION TO COME

Washington, Jan. 27.—The senate
committee on foreign relations agreed
to take a vote next Wednesday on re-
porting the Colombian treaty to the
senate. This treaty has been pending
since the last congress. It is was
held up in the last congress by sen-
ators who were opposed to making a
public declaration that the United
States had done wrong in acquiring
the canal zone. Opposition was also
shown to a proposal to pay \$25,000,000
to Colombia by way of reparation. By
agreement among the senators the
Colombia treaty will go to the senate
and the fight there over its ratifica-
tion promises to be exceedingly inter-
esting. Senator Borah is one of the
principal opponents of it.

CHILD LABOR BILL A GO

Washington, Jan. 27.—Representa-
tives from the Carolinas and other
southern states who attempted a fil-
luster against the child labor bill
were routed in the house and the way
was cleared for the passage of the
measure. Largely through the parlia-
mentary maneuvers of Minority
Leader Mann the measure was given
privilege status, which insures its
passage.

"UNTERRIFIED" MEET

Columbus, Jan. 27.—The Demo-
cratic state central committee is in
session here today to determine the
time and place for the state conven-
tion. It is expected the committee
will fix the same apportionment of
population for the selection of dele-
gates as that decided upon by the Re-
publicans—one delegate to each 500
voters of the party at the last state
election.

TO EMPLOY 300,000 MEN

Detroit, Mich., Jan. 27.—It was of-
ficially announced that the Ford com-
pany will within thirty days begin the
erection of additional buildings that
will enable the company to triple
their present output. According to
Vice President Klingensmith the com-
pany will employ 100,000 men within
five years.

AGAIN SURRENDERS

London, Jan. 27.—Montenegro's sec-
ond capitulation is announced by the
Austrian government. Delegates of
the Montenegrin government last
night signed articles for the laying
down of the arms of the remnants of
King Nicholas' forces. The statement
adds that disarmament is proceeding
without difficulty.

BUSY JAPANESE WOULD NOW DOMINATE CHINA

Washington Dissects Demands Made By Tokyo.

JEOPARDIZE "OPEN DOOR"

Any Steps to Head Off Japanese Aggression Must Be Taken by the United States Practically Alone. State Department Awaiting Complete Information Regarding Japan's Latest Proposals.

Washington, Jan. 27.—The report from London that the Japanese government has revived all of the demands upon China included in the famous "group five" of the list of proposals submitted to the Pekin government more than a year ago for a permanent settlement of outstanding issues between Japan and China, deeply interests officials of the state department.

There is a conviction in official circles here that any action at this time likely to have results toward waiving off the new Japanese demands must be taken by the United States practically alone.

THE OLD RELIABLE STILL IN THE LEAD

Fresh kale and spinach 10c. First Florida celery, 8c per bunch, two bunches for 15c. New tomatoes 12½c per pound. Head lettuce, curly lettuce, 20c per pound. New Phone 7771—Bell 77.

With every evidence of sympathetic interest by the European entente allies in the attitude of opposition which the United States assumed when the proposals in "group five" originally were submitted, it is believed that none of these powers will be inclined to take issue with Japan at a moment when they are leaning heavily upon their oriental ally not only for munitions of war, but for military and naval protection of their interests in the orient.

The very close study that has been made in Washington of the proposals embodied in "group five" has only confirmed officials in their original belief that if accepted in full by China, without protest from other nations, they would lead not only to material and industrial but even political domination of China by Japan. Japanese advisers for the Chinese government, with the resulting exclusion of all other foreign advisers from Pekin, it is felt, would place China completely under the political control of Japan.

While not prepared to make an issue on that point, however, the state department is convinced that the other provisions of "group five" finally would close to American commerce and enterprise the open door in China.

It is gathered from the British newspaper advices that in addition to reviving the demands in "group five" as they stood at the close of the negotiations in Pekin last January, the Japanese proposals again include a provision aimed at a budding American enterprise in Fukien province and a proposal to police all of the large Chinese cities with Japanese.

In the absence of official advices in a matter of such importance, officials positively decline to indicate what course will be followed by the United States government. Ambassador Gutzwiller at Tokyo and Minister Reinsch at Pekin will be called upon for complete information.

"Group five" contained seven articles, the first regarding the employment by China of Japanese as advisers; the second, the construction of Japanese hospitals, churches and schools in China; third, the employment of Japanese in the police departments in the large centers; fourth, China to purchase a certain proportion of war munitions from Japan; fifth, Japan's right to construct cer-

tain railroads in China; sixth, concessions to Japan in the province of Fukien, and, seventh, right of Japanese subjects to propagate Buddhism in China.

VOTE TO CONTINUE

Bristol, England, Jan. 27.—British organized labor on the first day of a conference which has attracted worldwide attention outvoted, 1,847,000 to 206,000, the extreme Socialist anti-war section and adopted two resolutions expressing the patriotic resolve to carry the war through.

POWDER CAR EXPLODES

Bluefield, W. Va., Jan. 27.—More than thirty persons were injured, five seriously, here, when a car loaded with black powder blew up in the local railway yards. Fire followed and several carloads of merchandise were consumed.

HERE'S YOUR HAT

New York, Jan. 27.—The American Defense society has relieved George M. Baxter as manager of field secretaries. Baxter collected some \$60,000 for the society since last September.

WELL KOWN GRAND ARMY MAN

Mr. Charles McCrea was troubled with a severe cold which settled on his lungs. He was scarcely able to speak and coughed so that he was very much annoyed and worried.

A few doses of Duffee's Cough Syrup gave him quick relief and in two days he was entirely cured.

A large 6 oz. bottle sells for 25c. It contains no opiates or poisons and is especially fine for children. Sold by more than twenty-five grocers in this city. advt. 21 t3

Salem, Ore.—For 20,000 gopher and mole scalp, which were brought into the office of County Clerk Gehlhar residents of Marion county received \$2,000.

The New Ladies Home Journal for February is just out, and on sale at Rodecker's News Stand. It's a splendid number, and contains a double page of Home Journal Houses that's well worth the price of the magazine.

We sell Sulky Plows, Junk & Willett.

THE WHIP IN RIFLE BARRELS.

It is Caused by the Pressure of Modern High Power Powder.

The use of high power powder in rifles has given rise to a phenomenon which did not exist in black powder days. This is known as "whip" and is due to the pressure and vibration set up by the powder. It is constant with given loads and is always in the same direction.

Sights are aligned by the manufacturer to compensate for this whip in proportion to the powder charge used. In firing auxiliary cartridges it will often be found that the rifle shoots off center. As a matter of fact the bullet from the auxiliary is traveling in a true line with the bore, and it is the sights that are wrong. The lighter charge of the auxiliary does not produce the usual whip, with the result that the line in prolongation of the bore of the rifle along which the bullet travels is not the line given by the alignment of the sights.

Two other rifle terms that must not be confused are upsetting and keyholing. Keyholing is the tendency of the bullet to turn over in flight, while upsetting is the slight shortening of the major axis of the bullet due to the force of the charge. It was peculiar to black powder fired behind lead bullets and does not exist to any appreciable extent in metal jacketed bullets with smokeless powder. In the latter case the charge burns more slowly and the jacket stiffens the bullet against the sudden blow from behind.—Outing.

From Medicine to the Drama.

The earlier part of Victorien Sardou's career was best with many trials and difficulties. His parents wished him to take up a medical career, and he began his studies with some zeal. The love of the drama, however, was far greater than the love of the pill box, and in the interval of the other work Sardou was busy upon a play. Life was a struggle for him, for he had little money, though he managed to get journalistic work to supplement his more slender income. His first play was a failure, and Sardou rushed from the theater vowing never to enter one again. He fell seriously ill, was nursed back to health by Mile. de Brecourt, an actress who lived on a floor below, and from that time his fortune was made.

Prince Henry the Navigator.

The kingdom of Portugal counted in its royal house one of the men who hold first rank in scientific attainment and practical application. He was the son of John I. of Portugal and Queen Philippa, who was an English princess. He spent his life in sending out ships on voyages of discovery, and it was through this Prince Henry, called "the Navigator," that Columbus got his idea of seeking for a new land across the sea.

FOUR BANDITS LOOT A BANK

By Associated Press.
Chicago, January 27. — Four robbers armed with revolvers entered the Washington Park National Bank in East Sixty-third street today, threatened the lives of the cashier, clerks and ten depositors, and escaped with between \$12,000 and \$15,000.
After grabbing the money from the teller's cage, the four backed to the door and escaped in an automobile.
J. Garland Stahl, manager of the Boston Americans when that ball team won the world's championship in 1912, is vice president of the bank.
The bandits paid special attention to Mr. Stahl. Two revolvers were poked in his face and he was ordered to hold up his hands. All the other people in the bank were also covered.
The bank is in one of the busiest sections of Chicago outside of the downtown district.

HOW U. S. MAY BE BANKER OF THE WORLD

By Associated Press.
New Orleans, January 27.—James A. Farrell, President of the United States Steel Corporation and chairman of the National Foreign Trade Council, said at the opening meeting of the National Foreign Trade Convention here today that foreign investment of American capital was a prime necessity to meet the keener competition expected in world trade after the war until the United States begins to finance the need of those growing countries to which it desires to increase its exports. Mr. Farrell declared the title of "world banker" would not pass to the Western Hemisphere.
"Foreign investment," he said, "is a commercial preparedness measure

a source of protection for the whole industrial fabric of our country, should the world recede to political—commercial policies of trade restriction. It is an element of strength in our influence as a nation, should a wiser instinct realize that the true guarantee of the world's peace is the provision of equal opportunity for all."
"We can no longer talk of foreign trade merely as an adjunct of domestic prosperity," Mr. Farrell declared. "The fact has to be recognized there can be no stable prosperity at home unless we are able to make liberal sales of American manufactures abroad. The fact that in normal times about 60 per cent of our exports consists of food stuffs and raw materials gives a standard of measurement for the enormous possibilities of our mechanical production."
Mr. Farrell pointed out that an investment of over \$4,000,000,000 of British capital in Latin-America had been sent to Latin-America in form of goods of British manufacture, that the interest derived from British foreign investments which total \$20,000,000,000 in value, not only offset the United Kingdom's excessive imports over exports, but retained and strengthened the British hold on neutral markets throughout the world. The advantage of foreign investment of United States capital, he said, were evident in American trade predominance in Canada, where about \$700,000,000 of American capital has been invested, in branches of American factories, mining, timber and agricultural enterprises, all tending to develop Canadian resources and expanding Canadian demand for American products.

MAN JUMPS FROM WINDOW OF N. Y. HOTEL

Body Later Identified as That of Retired Chicago Insurance Man.
By Associated Press.
New York, January 27. — Police today identified the body of a man, who died in a hospital shortly after jumping from the third floor of an uptown hotel, as that of Nathan Pullman, the retired Chicago insurance agent, who was being sought on a charge of having murdered his wife, Mrs. Rebecca Pullman, and daughter, Mrs. Gertrude Bazel, in a Bronx apartment, yesterday.
The man died without regaining consciousness, but the police said they found a number of papers in his clothing which proved his identity. Later a relative made the identification positive.
Pullman was seen leaving the Bronx apartment about four hours before the bodies of his wife and daughter were found.
The skulls of both women had been crushed with a small hatchet, which was found under a bed.
Police expressed the opinion that the man had murdered the two women after suddenly going insane.

JAPS PROSPER IN THE DUTCH EAST INDIES

By Associated Press.
Amsterdam, Netherlands, Jan. 27.—Japanese commercial expansion in the Dutch East Indian archipelago is a subject on which many colonial Hollanders hold strong views. They fear a pacific penetration by Japan of the rich "emerald girdle," the great island group situated just to the south of the Philippines. Imports from Japan into the Dutch East Indian colonies in the last five years have more than doubled, and now amount to close upon \$8,000,000 annually.
The Japanese have already secured such a hold on many branches of manufactured goods on Java market that a spontaneous boycotting movement arose some time ago against them. Much was expected from this at the time, but colonial papers which have just arrived in Holland say that it will be almost impossible to drive Japan-made goods

The Madison Six!

At \$985

Madison Specifications

Offers you the biggest and the best dealer's opportunity of the season. We want a dealer in Fayette county. Why not get our proposition NOW—It might be just what you are looking for.

These Tell The Story

WHEEL BASE — 120x124 inches; steel full floating, with large Gurney annular bearings and Brown-Lipe noiseless steel spiral cut gears.
MOTOR — Rutenber 40 h. p. "L" head, 6-cylinder 3x5; cast en bloc with detachable head; enclosed nickel steel valves, clear diameter 1 5-16 inch, lift 5-16 inch. Unit power plant. Two gallon oil capacity.
STARTER — Latest improved Remy two unit system.
IGNITION — Remy magneto type distributor and generator.
CARBURETOR — Automatic float feed; air adjustment on instrument board.
COOLING — Candler full cellular radiator, modified "V" type, German silver crown, with centrifugal water pump and two blade aeroplane type fan.
STEERING — Left hand with center control.
LUBRICATION — Constant splash and vane pump feed, direct to main bearings.
FRONT AXLE — American Gear & Manufacturing Company's drop forged "I" beam, with heat treated knuckle and steering arm forgings; hubs mounted to bring ties under King bolt, insuring easy steering.
REAR AXLE — American Gear & Manufacturing Company's pressed

FRAME—Extra heavy pressed channel steel, thoroughly reinforced.
SPRINGS — National Spring Company's English manganese double heat treated steel, front semi-elliptic; rear 3-4 elliptic, 56-inches long, inches wide, and underslung.
WEIGHT — Seven passenger car, 2,700. Roadster, 2650.
BODY — Seven passenger. Yacht line design—3 door, divided front seats.
BODY — Touring car, five passenger, true stream line with full "U" doors and concealed hinges and latches. Roadster, classy type, three-passenger.
EQUIPMENT — Ventilating rain vision windshield; fine leather upholstery, with real curled hair and heat treated springs; splendid never leak panasote 5 bow one-man top; electric headlights with two-bulb system; electric tail and dash lights; electric indicator; Stewart-Warner Spedometer; electric horn; tools, tire repair kit, pump, jack, improved double tire carriers, robe rail and foot rail. YOU CAN'T BEAT THESE.
Without formal notice we reserve the right to make such changes in the specifications of Madison cars as are, in our judgment, in the interest of our customers.

All the various Madison Models will be on display at the Automobile Show held in Columbus from Jan. 29th to Feb. 5th. We have a very attractive proposition to make dealers of good character and standing. A limited amount of territory still remains unoccupied. Better write now if you are interested.

DISTRIBUTORS.

Columbus, Ohio

TO CENTRALIZE RURAL SCHOOLS

By an overwhelming majority, Green township, Ross county, this week voted to centralize the half score or more schools in the township.
A bond issue of \$33,000 was authorized for the new building and equipment.
It may be interesting to Fayette countians who believe in centralization that another township in Madison county voted this week to centralize, and to issue \$45,000 in bonds for building and equipment.
Just a short time ago another township in Pickaway decided by an almost unanimous vote for centralized schools. Within a short time virtually all of Pickaway county will have centralized schools.
In this county such a proposal is expected to be put to a vote of the people in at least one township during the present year. In this manner it is expected to prevent further encroachment upon Fayette territory by schools in adjoining counties, some four counties having obtained a slice of territory from this county.

BERLIN CELEBRATES EMPEROR'S BIRTHDAY

By Associated Press.
Berlin, January 27. — Flags were out everywhere in Berlin today, in celebration of the 57th birthday of Emperor William.
The only formal observance consisted of religious service.
A Michigan inventor has brought out a combined post card and letter sheet, the latter folding against the former and being sealed with a gummed flap.
By a German process the exterior of automobile bodies can be given a metallic coating, fine particles of metal being sprayed on under high pressure.

PRESIDENT OPENS SPEAKING TOUR IN NEW YORK TODAY SUPPORT REFUSED FEDERAL SUFFRAGE AMENDMENT

BRITAIN'S HOLD UPON SUEZ NOW MENACED

Large Force of Turks and Arabs Coop Up English Army at Aden.

German Source Claim Heavy Loss Sustained By the English.

By Associated Press.

London, January 27. — British possessions of territory protecting the Suez Canal route at its southern end are imperilled by attacks made by large bodies of Arabs and Turks on the British forces in southwestern Arabia, according to advices from German sources.

The British have been driven from all the territory they held in that section of country, and have suffered extremely heavy losses in the fighting, the report declares, the figures being given at 15,000 killed and 20,000 wounded.

The implication from the Berlin dispatch carrying these reports is that the British army of 20,000 men is now virtually cooped up in Aden, near the entrance to the Red Sea, which must be held if the southerly approach to the Suez Canal is to be protected.

The Austrians having secured possession of virtually all of Montenegro, whose remaining defenders according to Vienna, are fast laying down their arms, are pushing southward in Albania, but apparently are moving deliberately although without encountering much resistance.

SENATE DEBATES EMBARGO BILL

By Associated Press.
Washington, January 27. — For more than an hour today the Senate debated indirectly the proposal to put an embargo on shipments of war munitions, and then without a vote referred to the Foreign Relations Committee, as the administration leaders wished, a thousand bundles of petitions bearing a million names, asking that such an embargo be established.

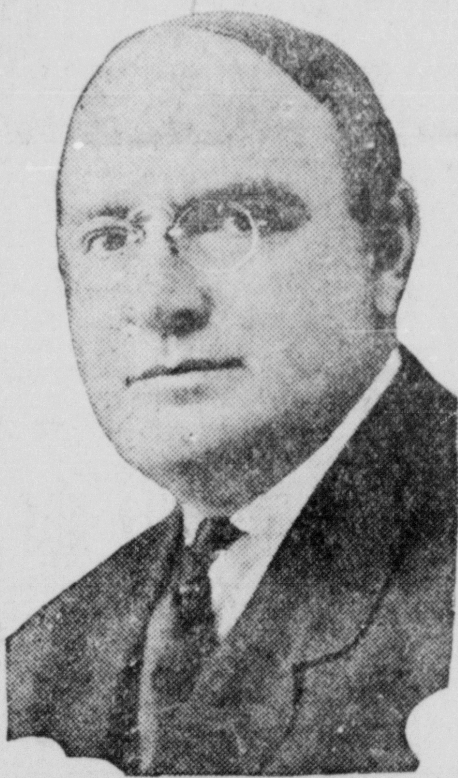

M'KINLEY MEMORIAL; BIRTHDAY JAN. 29

McKinley memorial at Niles, O., with busts of Henry W. Oliver and James Ward, which will be placed in the court of honor. Portrait of William McKinley in the center. McKinley's birthday occurs on Jan. 29.

J. A. A. BURNQUIST

Successor of Late W. S. Hammond as Governor of Minnesota.

MRS. MOHR TELLS JURY HER STORY

By Associated Press.

Providence, R. I., January 27. — The recital of her marital experiences was continued today by Mrs. Elizabeth F. Mohr, as a witness in her own defense against the charge that she hired two men to murder her husband, Dr. C. Franklin Mohr.

She ascribed to her husband a dual personality—at his best a kind and a generous husband, otherwise a drug-crazed wife-beater.

Through it all she loved him, and said, and remained firm in her faith that he would sometime restore her to a place in his affections.

She denied she wished him any harm or had ever threatened him.

B.&O. EMBARGO TO BE LIFTED

By Associated Press.

Baltimore, Mt., January 27. — Notice was issued today that the embargo on corn from points on the B. & O. and B. & O. Southwestern, for export through Baltimore, will be removed tomorrow.

RUSH OF SOLDIERS ACROSS RIO GRANDE IN AID OF COMRADES

Causes Issuance of Order for Their Arrest on Charge of Invasion.

Four Americans Are Drowned and Two Taken Prisoners By Mexicans.

By Associated Press.

Washington, January 27. — Major General Funston reported to the War Department today the drowning of four and the capture of two American soldiers near Brownsville, Texas, yesterday.

His dispatch, dated yesterday, contained a report by Major Anderson, commander of the Twelfth Cavalry.

General Funston, in transmitting the report, said:

"Col. Blocksom has ordered Lieutenants Mort, Peyton and Waldron to be placed in arrest.

"Mr. Garcia, Mexican consul, has been informed of the exact contents of Major Anderson's telegram and of the arrest of the three officers concerned for their invasion of Mexican territory.

"He has gone to Matamoros to inform the commanding general there and to ask that immediate search be made for Private Wheeler and Pederson, the two American soldiers captured by Mexicans."

The Mexican embassy here had received no word of the capture of the Americans, but has asked a report from the Carranza consul general.

Secretary Garrison declined to comment upon the arrest of the officers. The military forces on the border, he said, were entirely at the disposal of General Funston.

He stated that an investigation of the incident would be made, and until the facts were made known he would not be informed as to the circumstances which caused the arrest.

The men were swimming in the river Wednesday afternoon and had crossed to the Mexican bank when two were made prisoners by a band of Mexicans, who suddenly rushed out of the brush. The others swam for the American shore, volleys of bullets following them. They were drowned.

The missing: Private William C. Wheeler, Private B. Peterson, Fourth Field Artillery.

The drowned: Sergeant Owen L. Clement, Corporal Michael F. King, Private Henry A. Rhode, Private Charles D. Wilton. Clement, King and Rhode were all attached to Battery D, Fourth Field Artillery. Wilton was a member of Troop A, Twelfth Cavalry. The bodies were swept away by the swift current and have not been recovered.

A relief expedition was immediately organized in an effort to recover the two captured men. It was composed of Lieutenants Mort, Peyton and Waldron, 15 artillerymen and a cavalryman. They crossed the river and searched for a distance of about a mile, but failed to find trace of the Americans, although a party of Mexicans, sighted in the brush, was fired upon. The Mexicans escaped.

RESCUED

By Associated Press.

Brownsville, Texas, January 27. — Privates Wheeler and Pederson, of Battery D, Fourth Field Artillery, who were kidnapped late yesterday by Mexicans, were rescued by Carranza soldiers and brought to Matamoros today, and turned over to American authorities.

First Addresses Two Hundred Members of Congressional Union for Women's Suffrage.

Tells Them States Should Deal With Suffrage Question — Declines to Be Cross Examined.

Addresses Three Audiences at Noon — First Delivered to the Clerical Conference.

By Associated Press.

New York, January 27. — President Wilson refused today to support the movement for an amendment to the federal constitution providing for women suffrage.

He spoke briefly to two hundred members of the Congressional Union for Women Suffrage and told them that he felt that the suffrage question should be dealt with by each individual state.

The President received the suffragettes after they had waited for him more than an hour at the Waldorf Astoria Hotel, which he made his headquarters on his arrival here this morning from Washington prepared to make three addresses during the day.

Efforts made by Mrs. Mary Beard, wife of a Columbia University professor, to cross-examine the president on his position, met with failure. He refused courteously to reply to her queries.

The president frankly admitted to the suffragettes that he had promised several months ago to discuss with leaders of Congress the suffrage question but stated that other matters of legislation had come up which he thought should take preference over everything else.

The President delivered the first of his three addresses at noon, before the Clerical Conference of the New York Federation of Churches, representing all denominations.

Amid hearty applause he was introduced by the Rev. S. Edward Young, of Brooklyn, who remarked that "no president ever had such universal prayer in his behalf."

The president said he appreciated the words of the speaker "from the heart."

He declared that in his efforts

PRESIDENT WILSON.

for peace he had represented the "spirit" of the United States of America.

He said he knew that in their hearts the people of the United States wanted to "keep the balance even."

"I can find no basis for peace but justice," he added. "The greatest force in this world is character, and I believe that character can be expressed by the acts of a nation."

"This is expressed in the attitude of the people. America has always stood for the doctrine that every nation has the right to decide its own future. That is America's only desire."

"We will certainly resent having our liberty interfered with. People in America do not respond to any sentiment of aggression. Our passion is for liberty."

The President's address was marked by frequent applause.

TAGGART NOTIFIED OF CONTEST SUIT

By Associated Press.

Columbus, January 27. — Insurance Superintendent Frank Taggart received notice today that the law requiring agents for insurance companies not incorporated in Ohio to pay a license fee, while requiring agents of domestic companies only to be registered, will be attacked in a court action as unconstitutional.

W. H. Snyder, of Mansfield, who was convicted in the Richland County court yesterday of soliciting insurance without a license, notified Taggart he would take this action by appealing his case.

PARLIAMENT PROROGUED

London, January 27. — Parliament was prorogued today until February 15th.

In the prorogation King George said, "We shall not lay down our arms until we have vindicated the cause which carries with it the future of civilization."

INCOMES MAY BE SALTED HEAVILY

Democrats Would Increase Income Tax Rates.

MONEY FOR DEFENSE PLAN

Many Members of the House Majority Write the Party Leaders Outlining Their Stand On Question of Financing the National Defense Expenditures—Ways and Means Committee About to Draft a Bill.

Washington, Jan. 27.—The income tax will be relied upon by house Democrats to finance the preparedness expenditures, as developments indicate that the members will reject President Wilson's suggested revenue program. This information resulted from a careful canvass of the situation in the house made by the foremost Democratic leaders. It developed that fully fifty members have written letters to the house leaders expressing their determination to vote against all new excises or other revenue legislation designed to pay for the army and navy increases except changes in the income tax law. It was said authoritatively that fully fifty members, in addition to the number who have written formal letters to the house leaders, entertain the same determination.

As a result of this development, it was said on high authority that the ways and means committee is likely

to present to the house caucus a bill increasing income tax rates by 150 or 200 per cent. The committee will report such a measure not because of any conviction on the part of the majority that other proper sources of taxation for defense are not available, but in recognition of the sentiment among the Democratic membership of the house.

The leaders of the committee, including Majority Leader Kitchin, are convinced that the revenue measure to be framed at this congress must be a measure for which the support of practically every member of the Democratic caucus can be secured. One of the leaders of the committee pointed out that if as many as fourteen members of the caucus are opposed to a revenue measure presented from the ways and means committee the measure may fail of passage in the house because of their defection. It would be the policy of majority leadership to frame a bill embodying every concession necessary to secure the undivided approval of the house caucus.

The measure which the ways and means committee is now inclined to report in answer to the demand of the house Democrats will not provide for lowering the present income tax exemptions. The sentiment which demands that incomes shall bear the expense of the national defense increases is a sentiment for the taxation of wealth.

Not only does there seem to be among house Democrats a sentiment for forcing wealth to pay the cost of additional instrumentalities of defense, but there is a demand for the repeal of the present excises levied by the so called war tax law. It is now probable that the present house will repeal this law, which was re-enacted in December.

Officials high in the councils of the government made no effort to conceal the gravest alarm over this sudden revelation. The admission of the "misunderstanding" changes whole aspect of the situation, not only in Mesopotamia, but in the Caucasus and in Persia, these three theaters of war being absolutely interdependent. A Turkish official statement received here via Berlin reports an unsuccessful British attack on the Turkish positions at Menarie, in which the attackers suffered "appalling losses."

Hand-to-hand fighting between the French and Germans near Neuville took place when the French tried to retake trenches captured from them by the Germans. Berlin reports that all the attacks were repulsed.

On the Austro-Italian front Italian positions near Oslavia have been captured by the Austrians, who made prisoners of 45 officers and 1,197 men, according to Vienna.

COME ON, "BILL" AND 'FESS UP

Washington, Jan. 27.—Count Von Bernstorff, the German ambassador, addressed his government to accept the views of the United States regarding what is essential to a satisfactory settlement of the Lusitania controversy. The message to his government was sent by the ambassador following a thirty-five minute conference with Secretary Lansing. Along with the recommendations went a memorandum which Secretary Lansing informed the ambassador represented what the secretary declared to be necessary to a settlement, but was acceptable to the ambassador himself. Therefore, the ambassador was able to assure Mr. Lansing he would use his best endeavors to persuade the Berlin foreign office to approve it. Should this be the case the reply from Berlin is likely to be a formal note to the American government embodying all the concessions demanded, including a disavowal of the sinking of the Lusitania.

THE CORONA TYPEWRITER is the smallest machine in the world. It only weighs six pounds. The agency has just been placed with H. R. Rodecker and the little machine is now on display in his show window at the postoffice.

OHIO NEWS

Lost Life in Mexico.
Kenton, O., Jan. 27.—Isaac Robinson received word that his son, Dwight Robinson, twenty-four, was one of fifteen Americans killed by bandits in Mexico Jan. 10. He had not heard from his son for several years.

For Hospital at Oberlin.
Oberlin, O., Jan. 27.—George M. Jones, secretary of Oberlin college, announced that the late Dr. Dudley P. Allen of New York and Cleveland had left a bequest of \$100,000 for a hospital at Oberlin.

Opposed to Militarism in Schools.
Fremont, O., Jan. 27.—Tae Ohio W. C. T. U., in convention here, went on record as opposed to military training in public schools. A telegram was sent to Secretary of Navy Daniels asking him to stop cigaret smoking among the boys in the navy.

Mysterious Disappearance.
Crooksville, O., Jan. 27.—William Lauderback, nineteen-year-old son of Mr. and Mrs. A. P. Lauderback, has mysteriously disappeared from his home here. Search by friends and relatives has failed to develop any clew to his present whereabouts.

Victim of Grip.
Napoleon, O., Jan. 27.—Mrs. Mary Kilpatrick, eighty-nine, oldest native-born Henry county resident, died from grip at her home, across the Maumee river from her birthplace. She was a widow since her husband's death in the civil war.

Held to Grand Jury.
Bellefontaine, O., Jan. 27.—Charles Faulder, nineteen, of Springfield, was held to the federal grand jury by United States Commissioner West here, charged with abstracting money from a letter while employed as special delivery messenger in the Springfield postoffice.

Denied New Trial.
Columbus, Jan. 27.—Unless Governor Willis intervenes, Peter Scribner, of Toledo will die in the electric chair on Feb. 11, as a penalty for killing a Toledo policeman. The supreme court refused to review Scribner's case by overruling a motion filed by his attorneys asking for leave to file a petition in error in supreme court.

Sheriff Won't Tell.
Mentor, O., Jan. 27.—A mysterious turn was given the attempted assassination of John B. Henrion, Mentor knitting mills president, when Sheriff C. M. Spink said he knew who shot Henrion, but would make no arrest or have anything further to do with the matter. The sheriff said he refused to tell who did the shooting "for the sake of the man's family."

SEEMS TO BE POOR JUDGMENT

New York, Jan. 27.—German-Americans and pro-Germans of other race extraction are reported to be back of a nationwide scheme to create controlling factions in both the Democratic and the Republican national conventions. They are seeing the nomination in either party of a man friendly to Germany with the idea of supporting him with a solid German vote at the election in the fall.

The movement has been under way for some time, having been worked out with infinite detail. Prominent Germans admitted that they were engaged in an organized appeal for funds to defend German-Americans of this country from any such "aspirations as had been cast upon them by President Wilson" in his last message to congress. A member of every one of the German organizations throughout the country, it is said, has been set to work to appeal for funds and request for aid is being made to every German or pro-German.

POSTPONEMENT ASKED

New York, Jan. 27.—President White of the United Mine Workers, whose three-year agreement with the operators expires on April 1, has asked for a postponement of the conference between anthracite operators and miners scheduled for Feb. 10 in this city until Feb. 21. His request for a postponement was based on possible delay in the negotiations concerning the proposed bituminous wage scale, stated to begin at Mobile, Ala., on Feb. 1.

W. C. T. U.
The regular monthly meeting of the W. C. T. U. will be held Friday at 2 o'clock in the Welfare Association room, Market and Main streets. Two topics will be discussed: Evangelism, led by Mrs. Alice Adams, and Unfermented Wine, led by Mrs. Belia Ustick. 1916 handbooks will be distributed. Visitors always welcome. SECRETARY.

WILL NOT ALTER PRESENT PLANS

London, Jan. 27.—The speeches of Sir Edward Grey, in the house of commons, and of the Marquis of Lansdown, minister without portfolio, in the house of lords, on the blockade policy of Great Britain, dispelled all hopes among those favoring a formal blockade of Germany that the government would push such action. The foreign secretary made the following statement: "A thorough investigation by the government of the situation with regard to shipments to Germany shows that everything possible is being done without causing serious trouble with neutrals." If, he added, there was any policy more pleasing to neutrals than the one at present in force, the government would be pleased to examine it, and, if it appeared equally effective, to consider it.

MINERS WILL NOT

Indianapolis, Jan. 27.—United Mine Workers decided that in the event new wage scales have not been negotiated by the time existing contracts expire they will remain at work so long as there is hope of drawing up agreements.

Road Conditions

It is doubtful, in the opinion of experts, if the main roads of Fayette county were ever in such condition as they are at present.

Of course, the present condition is directly attributable to the hard freeze of a few days ago followed rapidly by the present unprecedented warm spell of weather, which has thawed out the ground to a depth decidedly out of the ordinary for this season.

While the prospect at present is very disheartening yet it is quite likely that in the majority of instances, the pikes will "go back" when settled weather of spring and summer comes.

We should be patient, however, as it is yet too soon to have results of the good roads money now being paid into the treasury.

If conditions are not better another year, then a rumbling of discontent will be pardonable.

Before censuring anyone for omissions it is well to wait until the chance to better conditions has been presented. Some one in authority will be compelled to get busy from the time good weather comes and stay busy until the sun has set on the last good day next fall, or else—

The Tariff Commission

The insistence of President Wilson on the adoption of the tariff commission idea and the very general approval with which that insistence has been accepted by the people, is proof of the tremendous growth the proposal has enjoyed since it was first suggested several years ago.

The people of the United States have had abundant opportunity to, and have observed, to their sorrow, the ills that are bound to follow keeping tariff schedules in politics.

Not only does the old plan of regulating the tariff and fixing schedules as a result of political campaigns result all to frequently in special privilege or special harm to particular interests, but the raising and lowering of tariff schedules covering the whole range of imports and exports is certain to result in an unfair advantage or actual harm to almost every business in the land.

Aside from the actual harm which follows to the many as a result of political tinkering with the tariff schedule, there is the constant and ever present fear that something unreasonable and harmful will be done as the result of each quadrennial campaign.

Political parties and politicians have ridden into and been turned out of office often enough during the past thirty years to demonstrate that the tariff issue has become largely a political makeshift. Consequences have demonstrated that the problem is an industrial one and should be dealt with and solved by experts entirely free from the taint of politics and secure in their authority during good behavior.

The tariff commission idea is not original with President Wilson, but its development, to the extent of adoption by congress, must be credited to him.

Removal of the tariff issue from politics would result in so clarifying conditions as to prevent the obscuring of the more vital political issues of the day.

Would Grab Public Lands

Not a great many people hereabouts give very much thought to the public domain—that unoccupied land the title to which is still lodged in the United States government.

There is, of course, no such land in this section of the country, but there is still a great quantity of it in the western states, in fact millions of acres of it, and barren as some of that land is there is a well developed movement to divest the federal government of title and put that title, with the consequent right to parcel out the land, in the several state legislatures.

Senator Key Pittman of Nevada has introduced in the Senate a bill which would separate the United States from over seven million acres in the state of Nevada alone.

Senator Warren asks for a grant from the federal to the several state governments of a million each in the states of Arizona, Colorado, Idaho, Montana, New Mexico, Nevada, Utah and Wyoming, totalling up a nice little garden patch of eight million acres.

The Pittman bill is considered a feeler to see how the people will take to a general movement by the states, in which the vast public lands area lies, to take from the federal government every square foot of the remaining public domain.

Nevada's pretext is that the state can use the proceeds derived from the sale of the land for school purposes. Arizona asserts that if that state was given permission to dispose of a few million acres to private enterprises, better roads could be built and so on and so forth for quantity.

There is, it is needless to assert, a very determined opposition to the movement. The people of the United States have already seen the folly of being prodigally wasteful of our great public domain and it is not likely that the movement launched by Senator Pittman and others will succeed in this day when conservation of our great natural resources is the order of things.

Poetry For Today

"I REMEMBER," REVISED.

I remember, I remember,
The house where I was born;
The little window where the sun
Came peeping in at morn.
You'd hardly know the old place
now,
For dad is up to date.
And the farm is scientific
From the back lot to the gate.
The house and barn are lighted
With bright acetylene,
The engine in the laundry
Is run by gasoline.
We have silos, we have autos,
We have dynamos and things;
A telephone for gossip,
And a phonograph that sings.

The hired man has left us,
We miss his homely face;
A lot of college graduates
Are working in his place.
There's an engineer and a fireman,
A chauffeur and a vet.,
Electrician and mechanic—
Oh, the farm's run right, you bet.

The little window where the sun
Came peeping in at morn
Now brightens up the bath room
That cost a car of corn.
Our milkmaid is pneumatic
And she's sanitary, too;
But dad gets 15 cents a quart
For milk that once brought two.
..... Canadian Courier.

Weather Report

Washington, January 27. — Ohio and Lower Michigan: Rain or snow Thursday; colder at night; Friday snow and colder.
Indiana — Rain or snow Thursday; much colder at night; Friday fair and colder.
Kentucky and Tennessee — Rain Thursday or Thursday night; Friday snow and much colder.

CROW WITH \$1 IN ITS BEAK.

California Sportsman Kills Bird and Recovers the Bill.

Chico, Cal.—The crow has long been notorious for its kleptomania tendencies and known to steal almost anything, without regard to its value, but from the construction camp of the Chico Construction company, near Shippee, south of this city, comes a story of a crow that was discriminating enough to steal something of value.

John Schonlow, foreman for the company, went hunting. He fired into a flock of crows, killing one. When Schonlow picked up the bird he found tightly clasped in its beak a one dollar bill.

Eighty Chickens In Pie.

Pomona, Cal.—In order to feed 350 members of the Loyal Men's Bible class of the First Christian church at a banquet Rev. C. R. Hudson had a local restaurant bake eighty hens in a chicken pie four feet long, one hen deep and eleven feet wide.

HOODOO SHIP MAKES MONEY

The Old Alga Has More Than Paid Her Purchase Price.

San Francisco.—The old Alga, formerly hoodoo freighter of the former Pacific Mail, has blossomed out as a real war baby.

This steamer, which in times of peace used to be tied up in the lower bay with cold boilers for long periods, has earned \$300,000 that was paid for her when she was rechristened the California. Also she has earned \$90,000 more.

Furthermore, the California—nee Alga—has now been chartered to a powder company at \$1,700 a day, or \$15,000 a month, or \$612,000 a year, or more than twice as much as her owners paid for her.

It is stipulated in this last charter that she shall ply only between neutral ports, which is taken to mean that she will become a nitrate carrier between South America and the Du Pont powder mills in the United States.

KISS FOR A JUDGE.

Carpenter's Daughter Gave Him a Good Smack In Open Court.

Pittsburgh.—Congratulations showered on Judge James McF. Carpenter when he took his place on the bench of the common pleas court recently did not make nearly so great an impression on the throng of well wishers as a resounding kiss implanted fairly and squarely on the jurist's lips.

Judge Carpenter, who was elected last November for a full term of ten years, had been sworn in and had stepped down to shake hands with the politicians in the courtroom. As he left the bench his daughter, Miss Alice Lazear Carpenter, stepped up, threw her arms around his neck and kissed him.

"Oh, I'm so proud!" Miss Carpenter exclaimed as the judge disentangled himself.
"Eh, umph! And so am I," her father replied, as he reached for a dozen hands stretched in his direction.

PRIZES RING FROM FRONT.

Made by German Soldier and In Possession of Los Angeles Girl.

Los Angeles, Cal.—A ring fashioned from aluminum obtained from a projectile, which has for a setting a replica of the German iron cross, is the valued possession of a talented Los Angeles girl.

It was made by a German soldier while at the front in southern Poland. The possessor of the ring is Miss Mary Goodrich Read, who has spent several years abroad, in Belgium, Germany and other countries, studying.

Miss Read recently returned to this country, bringing with her the finger ornament.

Silver Sword of Hawaii.

One of the most curious plants in the world and one of the greatest interest to all botanists is the silver sword. This exceedingly rare plant, with its magnificent silver spines and handsome crest, may still be found in profusion in the upper part of Kaupo gap, the southern outlet of the vast extinct crater of Haleakala, on the island of Maui. It flowers from July to October and occurs hardly anywhere else in the world. Even stranger is the variety known as the green sword, which occurs only in Haleakala crater and is unknown to exist elsewhere.—Honolulu Star Bulletin

Got Rid of My Corns With Magic "Gets-It"

Simplest Corn Cure in the World—No Pain, No Fuss. New, Sure Way.

When corns make you almost "die with your boots on," when you soaked them and picked them and sliced them, when corn-swelling

Why Have Corns At All? "Gets-It" Removes Them the New, Dead-Sure Way?

salves, and tapes, bandages, and plasters that make corns pop-eyed have only made your corns grow faster. Just hold your heart a moment and figure this: Put two drops of "Gets-It" on the corn. It dries at once. You can put your shoe on and stocking on right over it. The corn is doomed. It makes the corn come off clear and clean. It's the new, easy way. Nothing to stick or press on the corn. You can wear smaller shoes. You'll be a joy-walker. No pain, no trouble. Accept no substitutes. "Gets-It" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill.

Sold in Washington C. H., and recommended as the world's best corn remedy by Browns' and Christopher's Drug Stores.

TO TAP GILA'S UNDERFLOW.

Dry River Bed Will Be Made to Yield Water For Irrigation.

Palomas, Ariz.—S. H. Woodruff of Los Angeles and associates plan to utilize the underflow of the Gila river, near here, for the reclamation by irrigation of a big tract of land.

A number of caissons will be sunk in the dry bed of the river to the water level, and large pumps will be installed to lift the water to the surface and deliver it into the irrigation ditches. The pumps will be operated by electricity.

Formal application for the withdrawal from public entry of 14,000 acres that are embraced in the proposed irrigation scheme has been filed in the United States land office here by the state land commission, as required by the Carey act.

College Romance Revived.

Marysville, O.—A romance dating back to college days at Ohio Wesleyan university culminated recently when Miss Alice M. Goble, aged forty three, of Cincinnati, was married to James W. Macgruder, forty-five years old, of Mechanicsburg. They will take up their residence at Mechanicsburg.

PACKARD IS RETAINED AS ARCHITECT FOR HOSPITAL

Man Who Furnished Plans and Specifications for Y. M. C. A. and the Lloyd Residence in This City Is Architect Decided Upon By Hospital Board at Meeting Yesterday.

Frank L. Packard, the Columbus Architect who made plans and specifications for the Y. M. C. A. in this city and for the residence of C. E. Lloyd, was retained as architect for the new District Tuberculosis Hospital, in which Fayette county is interested.

Mr. Packard was employed at a meeting of the Hospital Board held in Chillicothe Wednesday, and after a large number of firms had been given an opportunity to submit plans and specifications. It is now the intention of the Board to go over the grounds with the architect and obtain general ideas before anything is decided upon.

LOCAL CLUB WILL BOOST NOT PROMOTE

That the Dutch Treat Club is more of a social organization than a promotive agency was made clear by Chairman Worthington at the noonday session of the club Thursday.

Chairman Worthington made it plain that the club should boost everything for the betterment of Washington, but not launch a campaign of promotion.

The proposal of eliminating the "eye-sore" known as "the point" received attention and was discussed at some length. It was pointed out that the paving along the point would do much toward solving the problem.

Messrs Brownell, Fite and Walter Craig were appointed to draft plans for entertaining a large number of persons residing in the county outside of the city, at a luncheon in the near future.

JUNK DEALER FACES CHARGE OF LARCENY

William Carter, colored, formerly of Xenia, and who follows junk buying and selling, was placed under arrest Thursday morning upon an affidavit filed by Fred B. Creamer, charging him with defrauding him out of \$3.40 on a transaction.

TOTAL OF 167 HIT THE TRAIL

Tonight's meeting is expected to be one of the greatest of the Sunnyside tabernacle campaign, Evangelist Willhite will preach on "Seven Reasons Why Everybody Should be a Christian." This sermon is said to be one of Willhite's best. Musical Director Troy will sing one or two special solos and Rev. and Mrs. Willhite, by special request, will repeat the duet, "Jonah and the Whale."

The usual large crowd was out at the tabernacle Wednesday night, fifteen persons hitting the sawdust trail, making 167 in all. Evangelist Willhite preached on "Jonah and the Big Fish." He compared Jonah with many of the people of the present day. While he perhaps did many good things he was afraid to come out and take the right kind of a stand. "It makes me tired to see people so afraid to testify for Jesus. They can talk fluently about almost anything else, but when it comes to standing up in church and saying a few words for Christ they say 'I can't.'"

SELF-DENIAL WEEK AT M'NAIR CHURCH

Self denial week is being observed by the McNair Memorial church people for the benefit of the suffering women and children in Persia, who are made destitute, homeless and defenseless through the ravages of war. Thousands in Persia are shelterless in the cold and snows of that country, and children are dying from exposure and starvation. Last Sunday Dr. Henness presented the situation, as reported by the Mission Board of that place, and made a touching appeal, which was generously responded to by the congregation and a week of self denial is the result.

The proceeds will be sent direct to the scene of suffering through the channels of the foreign Mission Board of the church. These contributions will be received next Sunday.

LADIES AID TAKES UP ANOTHER WORK

At the special session of the Ladies Aid Society of Grace M. E. church, held Wednesday afternoon, the society which had just finished paying \$500 toward indebtedness of the church, decided to assume another portion of the indebtedness and plans payment of upward of another \$500. In carrying out their plan, a check for \$100 was paid immediately after the meeting, bringing the total amount paid up to \$600.

Various plans were discussed for obtaining funds and as a result a unique social will be held. Mrs. D. H. Rowe presided over the meeting, and some 30 members were in attendance. A committee was appointed to complete plans for the social.

WILL NOT COME TO CITY THIS WINTER

Rev. Gage is in receipt of a communication from Dr. Anderson, who is conducting a series of evangelistic meetings in Columbus, in which the noted evangelist states that owing to the present tabernacle meetings in this city he will not take up the work here this winter at least.

The churches will later take up the proposal and take definite action, but it is expected that no further tabernacle meetings will be held in the city this winter other than those now in progress.

INSURANCE COMPANY SETTLES IN FULL

The Hartford Fire Insurance Company, represented by J. A. Edge & Son in this city, has paid in full the claim of \$2,859.75 for the destruction of White Oak church, near Beuna Vista, a few weeks ago.

The check has been deposited and will be used toward defraying the expenses of the new church which will be erected in the near future.

It is understood the citizens of the Beuna Vista neighborhood are responding liberally to the solicitation for funds for the new church.

Plans are to erect a larger structure than the one destroyed by fire.

IS IN ASHVILLE

T. L. Barger, who recently left this city, is now at Ashville, N. C., according to word received in this city. He claims his health is not improved.

REMANDED BACK TO COUNTY JAIL

Ray Smith, who recently was thrown into jail for fighting with his brother Ralph, has been remanded back to the county jail to await the appearance of his brother who refuses to come in and explain the trouble.

"I may keep Ray in jail until Ralph comes up and gives his side of the story," said Mayor Oster in discussing the matter. A charge of disorderly conduct has been placed against the imprisoned man, but no charge has been placed against the fugitive brother.

BASKET BALL GAME JAMESTOWN VS. "Y"

The local "Y" basketball team is expecting and is prepared for a hard go with the Jamestown aggregation tonight.

The local team boasts of fine team work and strong individual players and will make the well seasoned crowd from "Jamtown" hustle to beat them.

The "Y" team lines up as follows: Hays and H. Smith, forward; Johnson, center; Schlabach and Peterson, guards.

Game begins at 8:45.

DAMAGE CASE IS NOW UNDER WAY

Suit for \$3,000 damages was begun in Common Pleas court Wednesday by Floyd McCord, Elizabeth Burgess and Martha Beath against John L. Baum, Luther Cooper and The Willis Lumber Company. The suit is based on the removal of timber by the defendants from an estate near Hallsville. Attorneys F. P. Hinton and H. T. Robins have charge of the plaintiffs' case, while Attorneys P. J. Blosser and Post and Reid of Washington C. H., represent the defendants.—Chillicothe News.

INVITATIONS OUT FOR ANNUAL "FEED"

It is rumored that the "eats" will not be the only attraction at the annual banquet of the Fayette Fish & Game Protective Association, which will be held next Wednesday evening (Ground Hog Day) at the K. of P. Hall, at 6:30 p. m.

As the rumors are conflicting it is expected that those who learn first hand must not delay in accepting the invitation extended by card to the various members of the association. A thoroughly enjoyable evening is anticipated by all.

WALLS OF STATION FINISHED TODAY

The brick work of the Union Station is virtually finished and the work of placing the rafters in position for the roof is well under way, so that within a short time, weather permitting, the station will begin to assume something like its ultimate appearance.

The building is said to be considerably smaller than the dimensions agreed to by the B. & O., and are virtually as called for in the original plans and specifications.

COULD NOT PAY SURRENDERS SELF

Grant Taylor, of near Waterloo, who was fined \$75 and costs, amounting to \$168.56, for destroying the property of a tenant on his mother's farm, has surrendered himself to the Sheriff of Pickaway county, claiming he cannot pay the amount.

He was placed in jail to serve sentence at 60c per day, and if he is kept in jail the full time it will be 15 months before he is released.

We buy in carloads, therefore the price is right. Junk & Willett.

LYCEUM NUMBER AT 8:30 SATURDAY EVE

The American Girls, special number of the Washington Lyceum Course, which is free to all season ticket holders, and for which the usual charge will be made to persons not holding season tickets, will begin at 8:30 Saturday night, in order to accommodate the public. The church will be open at 7:30.

The number consists of six highly talented young women.

Daddy Long Legs is one of the rare modern plays. See it February 4th.

TESTS FOR HEARING.

Rigid Ordeals For Candidates For Our Army and Navy.

The physical requirements of American soldiers and sailors are of a high standard as compared with those of other countries. The test for hearing, for example, in our navy and army is more severe than in any other country.

One of these tests for admission to our Naval academy may be taken as a typical example of the thoroughness with which the candidates' faculties are tested. In this test the ticking of a watch must be heard at forty inches in quiet surrounding, and this ticking must be heard at that distance by each ear separately. In addition to this, the candidate will be rejected if there is the slightest suggestion of any diseased condition about any portion of the ear.

In all the foreign navies, as well as in our own, the severest tests of hearing are imposed upon the men who are to undertake submarine service. In this service even an officer will not be

accepted if the surgeon is able to find any evidence that he has ever been afflicted with ear trouble at any time. Thus a slight inflammation of the ear which occurred in childhood may disqualify the officer for submarine service, though his hearing may be so good that he would be readily accepted in any other branch of military service.—Los Angeles Times.

Clever Fish Hawks.

Turks around the Bosphorus amuse themselves by playing pitch and catch with the hungry fish hawks. They throw high in the air a lump of raw meat, and the hawks pounce upon the meat before it strikes the ground and make away with it to the little ones.

A Short Christmas.

"Christmas day is only three hours long in the Finnish town of Torne," said a traveler. "I spent last Christmas there. At sunrise I got up to see my presents and to read my Christmas mail and night had fallen before I got through breakfast."—Exchange

In Social Circles

The Ladies Guild of Presbyterian church met with Mrs. Frank Fullerton on Wednesday afternoon, assisting hostesses, Mesdames Crawford, Adams, Kerr, Wilkins, Buck and Allen. After a social hour the secretary's report of last meeting was read and some discussion as to the interests and future work of the Guild. Later a tempting collation was served.

The young people of the Christian Endeavor Society of the Presbyterian church will meet tonight at 7 o'clock for the annual election of officers and other business, after which there will be a taffy pulling for the pleasure of the members.

The Woman's Guild of the Episcopal church will hold their monthly meeting at 7 p. m., this evening, at the residence of Mr. George Hitchcock.

Mrs. Wm. H. Allison of Columbus, a most delightful speaker, will give a talk on Missions.

Assistant hostesses, Miss Jesse Leavell, Mrs. M. B. Shank, Mrs. Malone Stein.

Mrs. Joseph Taggart charmingly

entertained the Young Matrons' Kensington Club at her home on W. Elm street, Thursday. The spring-like afternoon brought out a large number of the members and a delightful hour was spent in merry chat over the fancy work.

Mrs. Willard Martin of Dayton was an out of town guest.

Friends and neighbors Thursday planned and carried out a very pleasant surprise for Mrs. John Miser and daughter-in-law, Mrs. Frank Miser, at their home on Lakeview avenue, Millwood. Monday being Mrs. John Miser's birthday and Saturday a similar occasion for Mrs. Frank Miser, Thursday was chosen as a mid-week day to happily surprise them both.

The guests brought well filled baskets with every delicacy for a sumptuous birthday dinner and after the dinner hour enjoyed a most pleasurable afternoon together.

Among the guests were Mrs. Geo. Olinger and children, Mesdames Chas. Engle, Jesse Dailey, John Sellman, Laura Dellinger, Otto Wilson, Minnie Wolls, Miss Frances Howland.

Views of Others

The Daily Herald:—

I take issue with you in reference to the editorial which appeared recently in the Daily Herald, in regard to the Patrol System for our roads. True in Europe they have been using this system for years; their roads are substantially constructed and are in splendid condition—or at least were previous to the beginning of hostilities. Their roads are divided into sections of three to six miles each and a man is placed in charge of each section; turnouts are made at frequent intervals along the road upon which are deposited a quantity of broken stone and other repair materials; the patrol, with the aid of a burro and a small cart makes all repairs.

Whenever any defect appears, the patrol does not wait for orders but proceeds at once to make the repair. The new materials are blended with

the old in such a manner that the patch is hardly discernible.

We have about six miles of roads (one mile in each one hundred) in Fayette county where the patrol system would be quite proper and the state has undertaken to look after the repair of this small fraction; it remains to be seen how well this will be done. The number of patrols necessary to keep our present roads passable would be so numerous that they would be in speaking distance of each other all over the county.

Whenever we have applied the two mill levy on our roads for five years and an equal amount more is spent, and not until then, may we hope to have them approach a condition that the patrol system employed in Europe would be apropos.

Respectfully,

FRANK M. KENNEDY.

Daddy Long Legs is one of the rare modern plays. See it February 4th.

ATTENTION G. A. R.

PERSONAL PARAGRAPHS

Mr. J. Edmund Smith was a business visitor in Columbus Thursday.

Mrs. Geo. Hitchcock will entertain as her guest tonight, Mrs. Wm. H. Allison of Columbus.

Mrs. J. D. Priest is confined to her home on Elm street with a serious attack of the grippe.

Mrs. Willard Martin of Dayton is the guest of her mother, Mrs. J. N. Shoop.

Mrs. Horace Schneck, with her daughter is visiting her sister, Mrs. W. B. Hershey.

Born, to Mr. and Mrs. Thos. L. Collopy, Wednesday night at 10:30 o'clock, a nine pound son.

Mrs. Howard Bales is over from Dayton, the guest of Mrs. Frances Bales, of E. Temple street.

Mrs. Samuel Watt is ill at her home on the Columbus pike, suffering seriously from rheumatism.

Mrs. Fred Sauer who has been the guest of Mrs. Jos. Sauer and family returned Wednesday to her home in Prospect, Ohio.

Mr. and Mrs. Gus Romer of N. North street, have returned from a visit with Mr. Romer's parents in Cincinnati.

Mrs. Morton Stutson and daughter Mary Jane, of Avondale, Cincinnati, are guests of Mrs. Stutson's aunt, Mrs. Georgiana Glascock.

Rev. Harry Gage, of Huron, S. Dakota, who has been visiting since Sunday with Rev. W. B. Gage, leaves this evening for the east.

Mrs. Martha Gallup, mother of Mrs. E. N. Holloway, is having as a guest, her sister, Miss Mary McFadden, of Wilmington.

Mrs. Nannie Gardner Murray returned Wednesday evening from Columbus, where she attended the Barrere-Daniels wedding, which occurred Tuesday evening.

Mrs. E. N. Holloway returned last evening from a delightful week's visit with her sister, Mrs. Sands, in Louisville. Mr. Holloway also spent Saturday and Sunday there.

Mr. Arthur Burgett is in Springfield today on business.

Mrs. A. C. Duff is quite sick at her home on the Waterloo pike.

Mrs. Elizabeth Stookey of Frankfort, was the guest of Washington friends, Thursday.

Mr. and Mrs. Carey Phillips are announcing the birth of a son, Richard Edgar Phillips, at their home on Broadway, Tuesday the twenty-fifth.

Mr. C. F. Ballard is able to be out after being confined to his home the past three weeks by a serious attack of the grippe.

Mrs. Tom S. Maddox has returned from Circleville, where she was called the first of the week, as a result of a serious accident which befell her sister-in-law, Mrs. M. H. Lamb.

The following notice is from the Springfield (Ohio) Sun and will be of interest to friends here: "Married, John J. Mullen, 21, machinist, and Iva Moots, 20, Father Loney." Miss Iva Moots is the daughter of Mrs. Ida Moots of Campbell street.

Doctor R. M. Hughey who, with Mrs. Hughey, is at St. Petersburg, Fla., is evidently improving in health, judging from the announcement he sends his friends here, that he took a twenty-mile spin over the bay in a hydroplane, attaining at times an altitude of one thousand feet.

Mr. Harry Daughters, who with his wife and daughter Betty Ann, have been visiting Mr. and Mrs. P. O. Daughters, returned Thursday to his home in Columbus. Mrs. Daughters and baby remained for a longer visit. Wednesday Mr. and Mrs. P. O. Daughters also had as their guests Mr. and Mrs. Hugh Sollars and son Charles David, of Good Hope.

Overland Automobiles, Junk & Willett.

"EXPRESS" WAGONS WILL BE CHANGED

Acting upon complaints against the old "express" wagons standing on the court house corner, on Main street, orders have been issued to move the wagons to Market street, between North and Fayette streets.

The wagons are to be located on the south side of the street, opposite the Brown Hivery barn.

SEES NEW LIGHT IN CONDITIONS

Why Wilson Sanctions Proposed Tariff Board.

SENDS LETTERS TO KITCHIN

Frankly Admits Changing His Mind With Respect to a Tariff Board, but Stoutly Declares That His Attitude Toward Protection Remains Unaltered—Favors Wholly Nonpartisan Tariff Board to Secure the Facts.

Washington, Jan. 27.—Explaining his views as to the need for a tariff board, President Wilson made public two letters written by him to Congressman Kitchin, the majority leader. In one of these letters President Wilson frankly acknowledges that he has reversed himself on this important subject. He explains his change of front on the ground that conditions throughout the world have changed. President Wilson denies, however, that in changing his mind on the subject of the tariff board that his attitude on the question of protection has been affected.

In the first letter to Mr. Kitchin the president suggested legislation for the creation of a tariff commission, which commission shall provide the government with the necessary data to furnish a sound basis for the policy which should be pursued by the country in the years immediately ahead.

The president in his second letter

gives his reasons for changing his mind on the question of creating a tariff commission. He says:

"I have changed my mind because all the circumstances of the world have changed, and it seems to me that, in view of the extraordinary and far-reaching changes which the European war has brought, it is absolutely necessary that we should have a competent instrument of inquiry along the whole line of the many questions which affect our foreign commerce."

"I have had in this change of mind no thought whatever of a change of attitude towards the so called protection question. A commission such as I have suggested would have nothing to do with theories of policy. They would deal only with facts, and the facts which they would seek ought to be the actual facts of industry and of the conditions of economic exchange prevailing in the world, so that legislation of every kind that touched these matters might be guided by the circumstances disclosed in its inquiries."

"I dare say you feel as I do, that it would be folly at this time, or until all the altered conditions are clearly understood, to attempt to deal with questions of foreign commerce by legislation, and yet, having dealt directly and clearly with the whole question of unfair competition within our own borders, it is clear that as soon as we know the facts we ought to deal with unfair methods of competition as between our own nation and others, and this is only one of the many things that we would probably wish to deal with. The other matters I have attempted to indicate in my previous letter to you. I am glad to supplement that letter by this explicit statement of the considerations which have been in my mind with me."

up to the time when she ceased to live with him.

Only twice was her colorless voice raised from the low monotone that barely carried to the jury box; when she denied that she had ever plotted against Dr. Mohr's life, and when, with her last words of the session, she reached the climax of her narrative in protesting that, despite all the indignities she had endured, she loved her husband and always wished for a reconciliation with him. For nearly two hours she held the attention of her hearers with a narrative that contained almost nothing dramatic except its accumulative weight of cruelty.

Mrs. Mohr pictured her husband during the last years of their unhappy married life as a man made mad by drink and the use of drugs, whose rage when she displeased him turned to blows and threats against her life—her own attitude as that of a wife trying to save her husband from disgrace, hoping to win him back and fighting to save property he had given her for her children.

VOTING ON IT

Railway Unions Apparently in Favor of Federation Plan.

New York, Jan. 27.—With the balloting on the eight hour day referendum still going on in the 40,000 lodges of the four great railroad unions scattered all over the country, reports are that the leaders of these unions are more confident than ever that their plan of federation would go through and that with the unions united in such a plan the railroads of the country would have to capitulate.

Little by little details of how this federation scheme has been worked up are coming to light, all showing how systematic has been the campaign the officers of these unions have been carrying on ever since the Chicago arbitration award last April. A statement which Grand Chief Stone of the engineers has just issued to the railroad men shows how he views the situation. This says:

"For the first time in the history of the railroad unions they are all united. There has never been such a general disposition on the part of the railroad employees of the country to act as a unit. All internal dissensions have been ruled out and all factional and other disputes which would interfere with the national eight hour movement among the railroad men have been laid aside."

Stone has told the railroad men with whom he has talked that should the vote support the demand and the federation plan the leaders will see that there is no compromise, though he would do all he otherwise could to avert a strike.

AFTER LONG TIME ACTION TO COME

Washington, Jan. 27.—The senate committee on foreign relations agreed to take a vote next Wednesday on reporting the Colombian treaty to the senate. This treaty has been pending since the last congress. It is was held up in the last congress by senators who were opposed to making a public declaration that the United States had done wrong in acquiring the canal zone. Opposition was also shown to a proposal to pay \$25,000,000 to Colombia by way of reparation. By agreement among the senators the Colombia treaty will go to the senate and the fight there over its ratification promises to be exceedingly interesting. Senator Borah is one of the principal opponents of it.

CHILD LABOR BILL A GO

Washington, Jan. 27.—Representatives from the Carolinas and other southern states who attempted a filibuster against the child labor bill were routed in the house and the way was cleared for the passage of the measure. Largely through the parliamentary maneuvers of Minority Leader Mann the measure was given privilege status, which insures its passage.

"UNTERRIFIED" MEET

Columbus, Jan. 27.—The Democratic state central committee is in session here today to determine the time and place for the state convention. It is expected the committee will fix the same apportionment of population for the selection of delegates as that decided upon by the Republicans—one delegate to each 500 voters of the party at the last state election.

TO EMPLOY 300,000 MEN

Detroit, Mich., Jan. 27.—It was officially announced that the Ford company will within thirty days begin the erection of additional buildings that will enable the company to triple their present output. According to Vice President Klingensmith the company will employ 100,000 men within five years.

AGAIN SURRENDERS

London, Jan. 27.—Montenegro's second capitulation is announced by the Austrian government. Delegates of the Montenegrin government last night signed articles for the laying down of the arms of the remnants of King Nicholas' forces. The statement adds that disarmament is proceeding without difficulty.

PRESIDENT LIKES LOOKS OF MEASURE

Washington, Jan. 27.—Prospects for passage of a government ship purchase bill are believed to be bright by administration leaders, who saw in conferences President Wilson had with Democrats who opposed such a measure last year indications that united support for the revised proposal eventually would be won. Some, however, are still opposed to government operation of ships.

The president continues to urge leading members of congress to hasten action on important legislation. He discussed the ship bill particularly with Majority Leader Kitchin of the house and Senator Clarke of Arkansas. Later Representative Kitchin said the bill, if presented as outlined to him, would receive his support. Senator Clarke would not discuss it, but some of his friends said they believed the measure could be submitted in the form to meet his approval.

BUSY JAPANESE WOULD NOW DOMINATE CHINA

Washington Dissects Demands Made By Tokyo.

JEOPARDIZE "OPEN DOOR"

Any Steps to Head Off Japanese Aggression Must Be Taken by the United States Practically Alone. State Department Awaiting Complete Information Regarding Japan's Latest Proposals.

Washington, Jan. 27.—The report from London that the Japanese government has revived all of the demands upon China included in the famous "group five" of the list of proposals submitted to the Pekin government more than a year ago for a permanent settlement of outstanding issues between Japan and China, deeply interests officials of the state department.

There is a conviction in official circles here that any action at this time likely to have results toward warding off the new Japanese demands must be taken by the United States practically alone.

With every evidence of sympathetic interest by the European entente allies in the attitude of opposition which the United States assumed when the proposals in "group five" originally were submitted, it is believed that none of these powers will be inclined to take issue with Japan at a moment when they are leaning heavily upon their oriental ally not only for munitions of war, but for military and naval protection of their interests in the Orient.

The very close study that has been made in Washington of the proposals embodied in "group five" has only confirmed officials in their original belief that if accepted in full by China, without protest from other nations, they would lead not only to material and industrial but even political domination of China by Japan. Japanese advisers for the Chinese government, with the resulting exclusion of all other foreign advisers from Pekin, it is felt, would place China completely under the political control of Japan.

While not prepared to make an issue on that point, however, the state department is convinced that the other provisions of "group five" finally would close to American commerce and enterprise the open door in China.

It is gathered from the British newspaper advices that in addition to reviving the demands in "group five" as they stood at the close of the negotiations in Pekin last January, the Japanese proposals again include a provision aimed at a budding American enterprise in Fukien province and a proposal to police all of the large Chinese cities with Japanese.

In the absence of official advices in a matter of such importance, officials positively decline to indicate what course will be followed by the United States government. Ambassador Guthrie at Tokyo and Minister Reinsch at Pekin will be called upon for complete information.

"Group five" contained seven articles, the first regarding the employment by China of Japanese as advisers; the second, the construction of Japanese hospitals, churches and schools in China; third, the employment of Japanese in the police departments in the large centers; fourth, China to purchase a certain proportion of war munitions from Japan; fifth, Japan's right to construct cer-

tain railroads in China; sixth, concessions to Japan in the province of Fukien, and, seventh, right of Japanese subjects to propagate Buddhism in China.

VOTE TO CONTINUE

Bristol, England, Jan. 27.—British organized labor on the first day of a conference which has attracted worldwide attention outvoted, 1,847,000 to 206,000, the extreme Socialist anti-war section and adopted two resolutions expressing the patriotic resolve to carry the war through.

POWDER CAR EXPLODES

Bluefield, W. Va., Jan. 27.—More than thirty persons were injured, five seriously, here, when a car loaded with black powder blew up in the local railway yards. Fire followed and several carloads of merchandise were consumed.

HERE'S YOUR HAT

New York, Jan. 27.—The American Defense society has relieved George M. Baxter as manager of field secretaries. Baxter collected some \$60,000 for the society since last September.

WELL KOWN GRAND ARMY MAN

Mr. Charles McCrea was troubled with a severe cold which settled on his lungs. He was scarcely able to speak and coughed so that he was very much annoyed and worried.

A few doses of Duffee's Cough Syrup gave him quick relief and in two days he was entirely cured.

We sell Sulky Plows, Junk & Willett.

THE WHIP IN RIFLE BARRELS.

It is Caused by the Pressure of Modern High Power Powder.

The use of high power powder in rifles has given rise to a phenomenon which did not exist in black powder days. This is known as "whip" and is due to the pressure and vibration set up by the powder. It is constant with given loads and is always in the same direction.

Sights are aligned by the manufacturer to compensate for this whip in proportion to the powder charge used. In firing auxiliary cartridges it will often be found that the rifle shoots off center. As a matter of fact the bullet from the auxiliary is traveling in a true line with the bore, and it is the sights that are wrong. The lighter charge of the auxiliary does not produce the usual whip, with the result that the line in prolongation of the bore of the rifle along which the bullet travels is not the line given by the alignment of the sights.

Two other rifle terms that must not be confused are upset and keyholing. Keyholing is the tendency of the bullet to turn over in flight, while upset is the slight shortening of the major axis of the bullet due to the force of the charge. It was peculiar to black powder fired behind lead bullets and does not exist to any appreciable extent in metal jacketed bullets with smokeless powder. In the latter case the charge burns more slowly and the jacket stiffens the bullet against the sudden blow from behind.—Outing.

From Medicine to the Drama.

The earlier part of Victorien Sardou's career was best with many trials and difficulties. His parents wished him to take up a medical career, and he began his studies with some zeal. The love of the drama, however, was far greater than the love of the pill box, and in the interval of the other work Sardou was busy upon a play. Life was a struggle for him, for he had little money, though he managed to get journalistic work to supplement his more slender income. His first play was a failure, and Sardou rushed from the theater vowing never to enter one again. He fell seriously ill, was nursed back to health by Mlle. de Brecourt, an actress who lived on a floor below, and from that time his fortune was made.

Prince Henry the Navigator.

The kingdom of Portugal counted in its royal house one of the men who hold first rank in scientific attainment and practical application. He was the son of John I. of Portugal and Queen Philippa, who was an English princess. He spent his life in sending out ships on voyages of discovery, and it was through this Prince Henry, called "the Navigator," that Columbus got his idea of seeking for a new land across the sea.

FOUR BANDITS LOOT A BANK

By Associated Press.
Chicago, January 27.—Four robbers armed with revolvers entered the Washington Park National Bank in East Sixty-third street today, threatened the lives of the cashier, clerks and ten depositors, and escaped with between \$12,000 and \$15,000.
After grabbing the money from the teller's cage, the four backed to the door and escaped in an automobile.
J. Garland Stahl, manager of the Boston Americans when that ball team won the world's championship in 1912, is vice president of the bank.
The bandits paid special attention to Mr. Stahl. Two revolvers were poked in his face and he was ordered to hold up his hands. All the other people in the bank were also covered.
The bank is in one of the busiest sections of Chicago outside of the downtown district.

HOW U. S. MAY BE BANKER OF THE WORLD

By Associated Press.
New Orleans, January 27.—James A. Farrell, President of the United States Steel Corporation and chairman of the National Foreign Trade Council, said at the opening meeting of the National Foreign Trade Convention here today that foreign investment of American capital was a prime necessity to meet the keener competition expected in world trade after the war until the United States begins to finance the need of those growing countries to which it desires to increase its exports. Mr. Farrell declared the title of "world banker" would not pass to the Western Hemisphere.
"Foreign investment," he said, "is a commercial preparedness measure

a source of protection for the whole industrial fabric of our country, should the world recede to political—commercial policies of trade restriction. It is an element of strength in our influence as a nation, should a wiser instinct realize that the true guarantee of the world's peace is the provision of equal opportunity for all."
"We can no longer talk of foreign trade merely as an adjunct of domestic prosperity," Mr. Farrell declared. "The fact has to be recognized there can be no stable prosperity at home unless we are able to make liberal sales of American manufactures abroad. The fact that in normal times about 60 per cent of our exports consists of food stuffs and raw materials gives a standard of measurement for the enormous possibilities of our mechanical production."
Mr. Farrell pointed out that an investment of over \$4,000,000,000 of British capital in Latin-America had been sent to Latin-America in form of goods of British manufacture, that the interest derived from British foreign investments which total \$20,000,000,000 in value, not only offset the United Kingdom's excessive imports over exports, but retained and strengthened the British hold no neutral markets throughout the world. The advantage of foreign investment of United States capital, he said, were evident in American trade predominance in Canada, where about \$700,000,000 of American capital has been invested, in branches of American factories, mining, timber and agricultural enterprises, all tending to develop Canadian resources and expanding Canadian demand for American products.

MAN JUMPS FROM WINDOW OF N. Y. HOTEL

Body Later Identified as That of Retired Chicago Insurance Man.
By Associated Press.
New York, January 27.—Police today identified the body of a man, who died in a hospital shortly after jumping from the third floor of an uptown hotel, as that of Nathan Pullman, the retired Chicago insurance agent, who was being sought on a charge of having murdered his wife, Mrs. Rebecca Pullman, and daughter, Mrs. Gertrude Bazel, in a Bronx apartment, yesterday.
The man died without regaining consciousness, but the police said they found a number of papers in his clothing which proved his identity. Later a relative made the identification positive.
Pullman was seen leaving the Bronx apartment about four hours before the bodies of his wife and daughter were found.
The skulls of both women had been crushed with a small hatchet, which was found under a bed.
Police expressed the opinion that the man had murdered the two women after suddenly going insane.

from the Java market owing to their cheapness, the result of low-priced native labor in Japan. These cheap prices have created a steady, regular demand on the Dutch East Indies for Japanese goods.
The war in Europe has benefitted Japanese trade considerably. Japanese matches, for instance, are imported in large quantities now that the price of European matches has risen and delivery is uncertain. Fears are expressed that the Japanese exporters will find other ways to enforce freedom of intercourse with the best customers, the native population of Java, while the poorer classes of whites also perforce patronize Japanese traders as they cannot afford to pay higher prices for European goods, even though the latter may be of better quality. Some trades in the Dutch East Indies are feeling the effects of the war pretty seriously and Japanese exporters have not been slow in seizing the favorable opportunities that have presented themselves.
The Japanese trade used to be, and still is, largely in the hands of Chinese middlemen; but of late many purely Japanese stores have sprung up in Java and elsewhere. According to the latest advices, many big European importing houses are endeavoring, owing to the unsettled conditions in Europe, to make their positions secure by opening up direct trade connections with Japanese exporting firms.

JAPS PROSPER IN THE DUTCH EAST INDIES

By Associated Press.
Amsterdam, Netherlands, Jan. 27.—Japanese commercial expansion in the Dutch East Indian archipelago is a subject on which many colonial Hollanders hold strong views. They fear a pacific penetration by Japan of the rich "emerald girdle," the great island group situated just to the south of the Philippines. Imports from Japan into the Dutch East Indian colonies in the last five years have more than doubled, and now amount to close upon \$8,000,000 annually.
The Japanese have already secured such a hold on many branches of manufactured goods on Java market that a spontaneous boycotting movement arose some time ago against them. Much was expected from this at the time, but colonial papers which have just arrived in Holland say that it will be almost impossible to drive Japan-made goods

The Madison Six!

At \$985

Madison Specifications

Offers you the biggest and the best dealer's opportunity of the season. We want a dealer in Fayette county. Why not get our proposition NOW—It might be just what you are looking for.

These Tell The Story

All the various Madison Models will be on display at the Automobile Show held in Columbus from Jan. 20th to Feb. 5th. We have a very attractive proposition to make dealers of good character and standing. A limited amount of territory still remains unoccupied. Better write now if you are interested.

The Campbell-Fisher Sales Company

DISTRIBUTORS. Columbus, Ohio

TO CENTRALIZE RURAL SCHOOLS

By an overwhelming majority, Green township, Ross county, this week voted to centralize the half score or more schools in the township.
A bond issue of \$33,000 was authorized for the new building and equipment.
It may be interesting to Fayette counties who believe in centralization that another township in Madison county voted this week to centralize, and to issue \$45,000 in bonds for building and equipment.
Just a short time ago another township in Pickaway decided by an almost unanimous vote for centralized schools. Within a short time virtually all of Pickaway county will have centralized schools.
In this county such a proposal is expected to be put to a vote of the people in at least one township during the present year. In this manner it is expected to prevent further encroachment upon Fayette territory by schools in adjoining counties, some four counties having obtained a slice of territory from this county.

BERLIN CELEBRATES EMPEROR'S BIRTHDAY

By Associated Press.
Berlin, January 27.—Flags were out everywhere in Berlin today, in celebration of the 57th birthday of Emperor William.
The only formal observance consisted of religious service.
A Michigan inventor has brought out a combined post card and letter sheet, the latter folding against the former and being sealed with a gummed flap.
By a German process the exterior of automobile bodies can be given a metallic coating, fine particles of metal being sprayed on under high pressure.
